

Easydome Pillow Warranty:

These products come with a one-year full replacement warranty. If there is a leak in a seam or a valve problem, we will replace the pillow at no charge for the product. You do not have to send back the damaged pillow. You simply go to our website at easydomepoolcovers.com and fill out a warranty claim. Once approved you will only owe the amount it cost us for shipping you the new one.

Feel free to call us at 270-827-5553

Never fully inflate to the max. It should only be 4 feet higher in the center than the rim of your pool. Over filling with air could result in a loss of warranty. After inflating it is a good idea to spray some soapy water around the valve to see if it is leaking. Bubbles will appear if it is.

Fill out the form below and send it in to get your warranty within 30 days of purchase.
