ONE MINUTE PRODUCT MEETING

Kolorz ClearShield 5% Sodium Fluoride Varnish

No more ugly, yellow teeth! Kolorz ClearShield 5% Sodium Fluoride Varnish goes on clear with no embarrassing discoloration. Its great tasting flavors makes treatment a picnic for kids (and clinicians). These proprietary flavorings were developed in consultation with food industry professionals and are guaranteed to taste better than any other brand or your money back.

Kolorz ClearShield Varnish offers improved treatment acceptance and higher patient satisfaction. Designed in hygienically sealed single dose packages with an easy-to-use applicator and mixing well, cross-contamination is eliminated, making preparation and clean-up fast and easy. Its maximum fluoride formula aids in relieving hypersensitivity.

Plus, it's allergy-friendly, containing no gluten, soy, dairy, saccharin or nuts.
