

# TRASH ENCLOSURE

## EXTRA-LARGE SIZE (up to 95 gallons per module)

### Material and features

CITIBIN trash enclosures are modular and can be configured to hold your specified number of cans.

All structural panels, doors and bases are made of marine-grade aluminum, painted with a 3H hardened powder-coat in dark pewter.

Siding/panels are made of a recycled bamboo composite. The XL-size is available in 2 neutral colors (coffee and charcoal). Custom cladding is available.

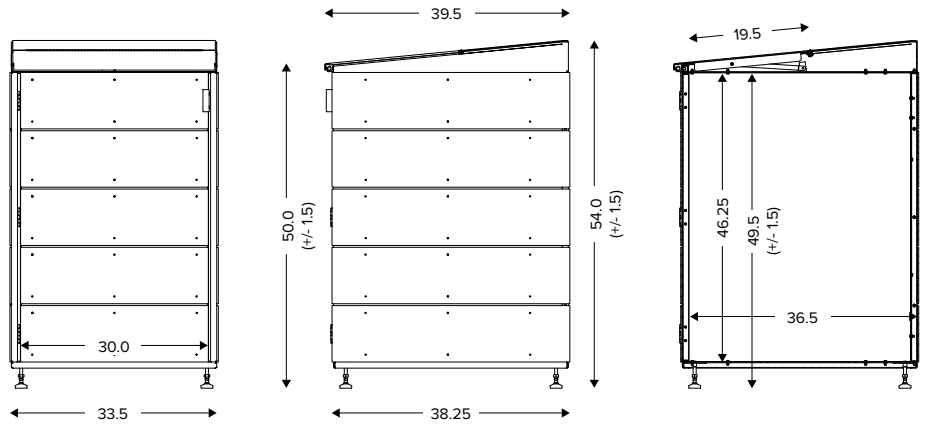

All hardware components - screws, hinges, latches - are stainless steel.

CITIBIN top doors come with soft closing hydraulic arms. Front- and top-doors are lockable.

CITIBIN feet can be adjusted to compensate up to 3.5 inches on unlevelled surfaces. Extensions for the feet are available upon request.

Prefabricated kits have a 5-year warranty.

### Measurements

# Modules	Width	Height	Depth	Colors	Options
1-module	33.5"	back 54" (+/- 1.5")	39.5"	coffee, charcoal	<ul style="list-style-type: none"> <li>Open or sectional top</li> <li>Solid or open base</li> </ul>
2-module	66.5"				
3-module	99.5"				
4-module	132.5"	front 50" (+/- 1.5")
