

LE PETITE ORANGÉ (All-Grain)

Official NORTHERN BREWER Instructional Document

Like a Belgian Dubbel without the deep dark chocolate maltiness, the Orangé is rich with caramel sweetness and a full body that hides the 6.1% ABV very well. Leuven ale contributes rich esters - cherry, strawberry, lychee fruit, even hints of tropical breezes. A simple sipper for the transition from the straw-colored, hop-centric beers of early summer to the maltier beers of fall. This is a beer in tune with mid-Summer's strong sun - long and drawn out, yet bashful, self-aware, even, of its role in the frolic times. Drink deep the ambrosia of long days and hot ferments.
