USER MANUAL

ELON NOVAC

Thank you for purchasing an authentic Elon Novac (EN) timepiece. We have done everything to ensure your timepiece meets the requirements administered by Elon Novac Inc. We are proud to announce that a portion of proceeds from your purchase is donated to create mental health awareness within North America.

It gets even better!

For every one hundred timepieces purchased, Elon Novac pledges to support a child in a developing country by providing them with an education for 12 months. We have partnered with NGOs who have a larger reach than us to make a bigger impact. Read up more on our website at www.elonnovac.com as we keep you up to date.

Thank you for joining our family and making a positive impact on the societies that needs it most. Let's create a movement strong enough to change the world.

Time Offers Freedom
#ENTIMES

THE DESIGN

is described as a sophisticated timepiece embellished with true craftsmanship. With the use of a minimalistic monogram coupled with the use of vegan leather and a simplistic look, this allowed us to focus on the finer details when designing our collection. Elon Novac's generous 38mm size makes it perfect for your daily essentials. A statement piece, this is Elon Novac's fashionable take on everyday wear with modern interpretation.

The use of a vegan leather strap is Elon Novac's take on providing a comfort fit. Elon Novac operates in an eco-friendly community and is dedicated towards keeping North America and all parts of this beautiful world green.

MISSION

To provide education to children in developing countries.

For every hundred watches sold, Elon Novac pledges to sponsor one child in a developing nation. A good quality education helps children reach their full potential; however, for millions of children and youth in low-income countries, it is beyond reach. Elon Novac is currently working with a reputable organization, Save the Children. The Global Education team at Save The Children works in five major areas:

Early Child Care and Development: These programs are focused on the first three years of life, a period of tremendous growth in all areas of a child's development. Caregivers promote brain development, health and well-being to help children prepare for school.

Basic Education: The Basic Education programs help school age children develop literacy and numeracy skills to help them succeed in the classroom and in their lives outside of school. Increased achievement in literacy and numeracy, helps children engage more effectively throughout their school careers and in adulthood.

School Health and Nutrition: The School Health and Nutrition team has a wide range of projects that help children and their families overcome the effects of chronic illnesses such as malaria. Some other lessons include waterborne diseases that cause diarrhea and lead to malnutrition, anemia as well as improving oral and vision health, road safety and helping teach kids about nutrition.

Education Research: Save the Children's dedicated researchers, build the capacity of the organization and its members better understand what works for supporting all children's learning and development.

Learning and Well being in Emergencies: Children living in conflict-affected states are half of all out-of-school children in the world. Our priority is to educate children who are suffering from the stress of displacement and violence and start to recover and resume some normalcy in their lives.

HOW IT WORKS

1) How do I change the battery?

We cover all battery replacements for twelve months after the original purchase. Do not open the casing of the timepiece unless it is completed by an authorized Elon Novac mechanic or authorized reseller. Please email us for a shipping address at info@elonnovac.com.

2) How do I clean the glass?

The glass can be cleaned using a micro fibre cloth or damp cloth.

3) How do I change the time?

Pull out the crown on the right side of the timepiece, change the hour and minute movement by rotating clockwise or counter-clockwise until your desired time appears. Push crown back in its original state.

4) How do I clean the timepiece strap?

To clean your timepiece strap, wipe using a damp cloth. We do not recommend the use of detergent, cleaning or conditioning products.

5) Is this timepiece waterproof?

Your EN timepiece is water resistant up to 3ATM. It is suitable for everyday use and is splash/rain resistant. Dry off the timepiece with a dry or damp cloth if it becomes in contact with any fluid.

6) Why is the watchstrap stiff?

You will need to break in the fit. After multiple wears, your watch will be easy to put on your wrist. We do not recommend the use of any leather conditioners.

PRODUCT SPECIFICATION

Size	38mm
Face Material	Hardened Mineral Crystal
Watch Strap Material	Vegan Leather
Movement	Quartz Movement
Water Resistance	Up to 3 ATM

3ATM is suitable for everyday use. Splash/rain resistant. Not suitable for showering, bathing, swimming, snorkelling and fishing. If the timepiece becomes in contact with any fluid, dry it off with a cloth.

Quartz Movement is one of the most reputable in the industry. We have used a trusted movement piece in all of our timepieces to ensure it meets the Elon Novac standard before it leaves the workshop.

AUTHENTICITY

This user manual or packaging does not guarantee authenticity of an official Elon Novac timepiece. Your proof of purchase such as a receipt is to guarantee authenticity of your EN timepiece. Store your receipt in a safe place.

WARRANTY

Elon Novac strives to manufacture timepieces of superior quality. This is reflected in the accuracy of the timepieces, the attention to detail in the assembly of the individual movement, and in the life expectancy of an EN timepiece.

Elon Novac offers a lifetime international warranty on manufacturers defects.

It does not cover scratches to the case, strap, hardened crystal or any damage that results from normal wear and tear. EN will replace your battery at no cost for one year. Additional shipping charges may apply.

Each genuine timepiece purchased directly from Elon Novac is in its original and tested condition and should only be serviced by qualified professionals at the Elon Novac Service Center in accordance with the terms of the Elon Novac Warranties.

Tampering with the timepiece by opening the casing or modifying the components can result in a null and void warranty. Do not open or alter the timepiece unless it is by an Elon Novac authorized dealer or mechanic.

If Elon Novac timepieces are serviced or repaired by unqualified third parties, they may be subject to alterations from their original condition that are beyond the control of Elon Novac Inc.

Elon Novac Inc. is not liable for any damages incurred during use and/or handling of an EN timepiece and/or packaging. A full set of terms and conditions can be viewed on our website at:
