

# ROXANNE FIRST

## RING SIZE GUIDE

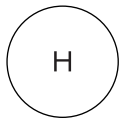

In order to work out your ring size, please follow the below steps:

1. Print out the below document at 100% (check this below by measuring the line is 5cm)

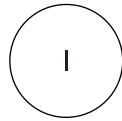

2. Place the ring over the circles, and match the inside circumference of the ring to the circle nearest in size, if it's between sizes, we'd recommend sizing up.

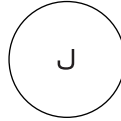

VOILA, SHOP AWAY!

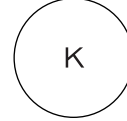

14.88 mm
