Smart Materials | Innovative Lockers

## Acadia™ Locker Series

### Designer wood laminate lockers provide ideal secure storage

The Hollman Acadia Series “Hanger” (double-tier) Locker and “Gear” (triple-tier) Locker are ideally suited for salons, small businesses, health clubs, locker rooms, country clubs, day spas, sports and athletic facilities, and corporate workspaces. Constructed of premium industrial grade particleboard and covered with durable high pressure laminate using our signature DGS (doweled, glued, screwed) process, these lockers are built to last and retain their high-end appeal. Available in designer textured wood grains and smooth solid white, you can select the perfect finish to complement the setting.

- Offer secure storage for your guests / employees or use to safeguard and store your business assets
- Attractive, high-end designer appeal
- Durable construction from premium materials
- Easy operation and minimal upkeep
- Convenient garment hanging and gear storage
- Padlock hasp, interior hardware and adjustable height feet included with each locker
- Finished on all visible sides with a light grey laminate covering the exterior sides and the interior throughout
- Can be used individually or side-by-side to form a bank of lockers
- Ships fully assembled

### Common applications

|  |                    |  |                         |  |                      |  |              |
|--|--------------------|--|-------------------------|--|----------------------|--|--------------|
|  | Hair & Nail Salons |  | Small Businesses        |  | Corporate Workspaces |  | Day Spas     |
|  | Country Clubs      |  | Sports & Athletic Clubs |  | Fitness Facilities   |  | Health Clubs |

## The Locker

The Acadia lockers are built in our state-of-the-art manufacturing plant in Irving, Texas. We use only premium materials and assemble the lockers using our high-durability, industry-leading DGS (doweled, glued, screwed) process for lasting stability.

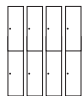

## The Hardware

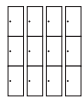

Each compartment includes a dual prong garment hook. The two-tear HANGER model compartments also come equipped with a metal garment hanging rod. 3/4" thick doors come equipped with industrial strength concealed hinges and a heavy duty Keyless® H3 Padlock Hasp which features an integrated anti-rotation system.

## Finish Options

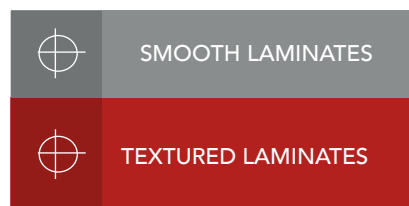

The Acadia HANGER  
2-Tier Locker

The Acadia GEAR  
3-Tier Locker

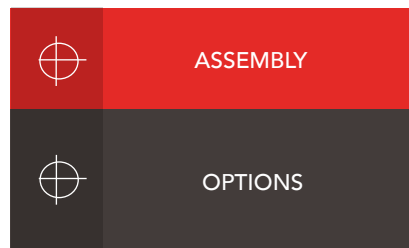

## Premium Laminates

Smooth laminate finish adds a clean, modern look and can be incorporated into a wide variety of settings.

Realistic wood texture gives the natural elegance of wood with the benefits of laminate. Each of these designs has been selected by Hollman as an optimal choice for lockers and is available with custom-produced matching edge band.

## Assembly & Options

Locker delivered fully assembled in sets of 4 or 6. Leveling feet (included) will need to be attached (simply screw on and adjust accordingly).

Lockers are sold in sets/multiples of 4 or 6. The doors for all Acadia lockers are available in a select variety of finishes to complement the aesthetics of the environment in which the unit is being installed. The sides, back and interior will be sealed in a light grey laminate finish.
