Welcome

Congratulations on receiving your very own BON CHARGE Infrared PEMF Mat Max. Before using your Infrared PEMF Mat Max please read this User Manual in detail.

The Infrared PEMF Mat Max has been designed with your safety in mind. However, it's important to follow basic safety protocols when using this device.

Benefits

The Infrared PEMF Mat Max has been designed to house multiple optimal wellness components which are listed below:

Function	Benefits
PEMF Setting (1-30Hz)	Improves deep sleep, grounding, increase calm and creativity, logical thinking, conscious thought, and meditation
660nm Red Light	Skin restoration and repair
850nm Near Infrared Light	Deep tissue restoration and repair
FAR Infrared Light	Purification and relaxation
Amethyst	Balance mood and calm
Onyx	Ground and calm
Tourmaline	Balance energy fields
Silica Crystals	Harmonize and restore

Most Infrared PEMF Mats only have Near and FAR Infrared Light built in. At BON CHARGE we know light well! Therefore, we have added 660nm red light to your PEMF Mat so you can enjoy the incredible benefits of red-light therapy whilst you PEMF.

Key Points

Activating Your Infrared PEMF Mat Max

Your Infrared PEMF Mat Max comes with everything you need to start your journey to an optimal life. You are about to experience the epic benefits of using PEMFs. For the best possible results, it is highly recommended you read this manual prior to using your Infrared PEMF Mat Max for the first time.

Photosensitivity Test

It is very important to do a photosensitivity test prior to long sessions with your Infrared PEMF Mat Max. Turn on your Infrared PEMF Mat Max and switch on the NIR and Red-Light settings. Shine the light on an exposed part of your forearm, about 1 inch away, for 2 minutes. If you experience any discomfort or redness on your skin, you must not use your Infrared PEMF Mat Max until you have sought professional advice from your doctor or healthcare provider.

Usage Instructions

You should lay your Infrared PEMF Mat Max on a stable surface prior to use. You can wear clothes or no clothes during a session, it's completely your choice. When using the Red and Near Infrared Light settings we would recommend the least amount of clothes possible for maximum benefits. We recommend a minimum of 30 minutes per session.

Multiple Usages

Infrared PEMF sessions works best when administered consistently. The best results will be seen from daily use but as a minimum it is recommend using your Infrared PEMF Mat Max at least 3 times a week.

What to Expect

Depending on which settings you use you can enjoy the following benefits, when used consistently.

Function	Benefits
(0.1 to-3Hz) - Delta waves	Improves deep sleep
(8Hz)-Schumann Resonance	Grounding effect
(9 to 12Hz) - Alpha waves	Increase calmness and creativity
(13 to 30Hz)- Beta waves	Logical thinking, conscious thought, and meditation
660nm Red Light	Skin restoration and repair
850nm Near Infrared Light	Deep tissue restoration and repair
FAR Infrared Light	Purification and relaxation
Amethyst	Balance mood and calm
Onyx	Ground and calm
Tourmaline	Balance energy fields
Silica Crystals	Harmonize and restore

Setting Up and Using Your Infrared PEMF Mat Max

What's in the Box?

1 x Infrared PEMF Mat Max	1 x Carry Bag
1 x Power Cable + Controller	

Controller Configuration

1. Power Switch (on/off)
2. FAR Infrared Light Temperature Decrease Button
3. FAR Infrared Light Temperature Increase Button
4. PEMF Button (on/off)
5. Timer (1-60 minutes)
6. Near Infrared (850nm) and Red Light (660nm)

How To Operate Your Infrared PEMF Mat Max

Step 1

Remove all components from the box. Lay the Infrared PEMF Mat Max on the floor or other stable surface and connect the Power Cable/Controller to the mat.

When connecting your PEMF Mat to the controller, please ensure that you press the 2 pins in and direct your controller into the PEMF Mat in a straight line. If this is done incorrectly or if the connection is wiggled, it will cause damage to your controller that is not covered under the PEMF Mat warranty.

When disconnecting your controller from the PEMF Mat, please ensure that you press the 2 pins in and direct your controller out of the PEMF Mat in a straight line. If this is done incorrectly or if the connection is wiggled, it will cause damage to your controller that is not covered under the PEMF Mat warranty.

Activating FAR Infrared Light (Heat)

FAR Infrared Light is controlled by the + and - section. Press this button so the display flashes. To choose the level of FAR Infrared Light (Heat) press the + button to turn up the heat and the - button to reduce the heat. The heat range is 30-80 degrees centigrade if you have a 220v Mat or 86-176 Fahrenheit if you have a 110v mat.

Holding down the buttons will speed up the process if required.

Setting the Timer

The timer is controlled by the ⌚ section. To choose your desired session time press the button once until it flashes and then press the + button to increase the time and the - button to decrease the time. The PEMF Mat is set up for 1-hour maximum session at 1 minute intervals.

Step 2

Plug the other end of the Power Cable/Controller into an appropriate power outlet.

Step 3

Turn on the device by pressing the POWER button. (To turn the device off, press the POWER button a further time).

Activating PEMF Settings

Click the PEMF icon to activate the PEMF. Use the + and – buttons to toggle through the PEMF settings. PEMF Settings can be lowered or raised from F1-F30 (1Hz to 30Hz) until you find your desired frequency.

To further change the PEMF settings click the PEMF icon once and toggle through the settings again using the + and – buttons.

Note: PEMF setting will turn off automatically after 20 minutes.

Optimal PEMF settings are as follows:

(0.1 to-3Hz) - Delta waves	Improves deep sleep
(8Hz)-Schumann Resonance	Grounding effect
(9 to 12Hz) - Alpha waves	Increase calmness and creativity
(13 to 30Hz)- Beta waves	Logical thinking, conscious thought, and meditation

Activating Red Light Therapy

Click the red-light icon to turn on the Red Light Therapy (660nm Red Light and 850nm Near Infrared Light)

Note: Not all lights will illuminate. Some LEDs contain Near Infrared Light which is invisible to the naked eye. Your device is functioning correctly, even with some lights appearing to not be illuminated.

Frequently Asked Questions

What is PEMF?

PEMF (Pulsed Electromagnetic Fields) works by sending beneficial low-level frequencies of energy through your body. PEMF has been shown to improve deep sleep, have a grounding effect, increase calmness and creativity, and help with conscious thought and logical thinking. PEMF in our Mat mimics the frequencies found in nature to restore balance.

When Can I Use My PEMF Mat?

You can use your PEMF Mat whenever and wherever you wish. Our customers have the best results using their PEMF Mats in the following ways:

- Before bedtime
- Watching TV / reading a book
- Meditating
- After a workout
- Whilst doing Yoga / Pilates / stretching
- When you need creativity
- When you are feeling stressed

What Setting Should I Use?

It is best to listen to your body when choosing the best setting to use.

As a reminder the settings are below:

(0.1 to-3Hz) - Delta waves	Improves deep sleep
(8Hz)-Schumann Resonance	Grounding effect
(9 to 12Hz) - Alpha waves	Increase calmness and creativity
(13 to 30Hz)- Beta waves	Logical thinking, conscious thought, and meditation

How Do I Clean My Mat?

The PEMF Mat is super easy to clean. Just turn off the device and once it's cooled down just wipe down with a damp cloth. Allow to cool and dry before folding away.

What Do I Wear When Using My PEMF Mat?

To experience the full benefits of your PEMF Mat we always suggest wearing minimal clothing. However, that is not always possible, and you will still get great benefits. The PEMF Mat can heat up to high temperatures if you select that option, so it is always best to wear something light and comfortable if using high heat.

Disposal

This device must not be disposed of with your normal household rubbish. This device requires disposal via your designated waste collection point.

Warranty and Returns

Manufacturer's Warranty (Infrared PEMF Mat Max)

BON CHARGE warrants that this device (Infrared PEMF Mat Max) will function and perform within the specifications for one year from the date of delivery.

What does this Manufacturer's Warranty cover?

This Manufacturer's Warranty covers any defect in material or workmanship under normal use during the warranty period.

During the warranty period, BON CHARGE will repair or replace, at no charge, products or parts of a product that proves defective because of improper material or workmanship, under normal use and maintenance.

How long does the cover last?

This Manufacturer's Warranty for Infrared PEMF Mat Max purchased from BON CHARGE is valid for one (1) year from date of purchase. A replacement Infrared PEMF Mat Max or part assumes the remaining warranty of the original Infrared PEMF Mat Max.

What does this warranty not cover?

This Manufacturer's Warranty does not cover any problem that is caused by:

- Conditions, malfunctions or damage not resulting from defects in the material or workmanship
- Equipment that has been abused, modified, damaged, or fitted with substitute parts.

What do you have to do?

To obtain warranty service, you must first contact us to determine the problem and the most appropriate solution for you.
