

School Apparel

Made with love and simply the best

Providing high-performance Wear-Tested™ guaranteed uniforms for more than 40 years

Lasting impressions

A+ School Apparel helps kids show their true colors

Today's schools and families need their uniforms to be a lot of things – classic, consistent, comfortable, durable, and available in a whole host of sizes. That's because school uniforms are more than simply garments; they play a huge role in promoting an image and creating a cohesive school community. As America's largest schoolwear manufacturer, A+ School Apparel answers the call. We offer more product

diversity – whether in sizing or styling – than any other uniform provider. Our apparel is guaranteed to last. Our customer service team is tops. And because we have U.S.-based manufacturing and warehousing, we offer year-round inventory support and fast delivery of both in-stock and custom items. We want to make your A+ experience one worth repeating year after year.

Whether the fabric is jersey, piqué, interlock, or dry-fit, our A+ classic knit shirts offer quality construction, color consistency, and cool comfort. Made from Wear-Tested™ fabrics with reinforced stitching for extreme durability, A+ knit shirts are stellar uniform staples. Add the school logo to top off the look.

Knits Up Close

Jersey
Single-knit construction with plain stitches on the front and purl stitches on the back, creating a smooth outer surface.

Piqué
Single-knit, tucked construction, creating a surface of raised cords running in the warp direction. Stylish and popular.

Interlock
Fine-gauge compound knit construction (two 1x1 ribs interknitted), creating a smooth surface on both sides. Soft and comfortable.

Premium girlsweare with a distinctive look

Classic good looks

At A+ our reputation is built on the premium quality of our apparel, and we refuse to take shortcuts. Our jumpers, skirts, and skorts feature baked-in, hot-head pressed, stay-put pleats; reinforced stress points; consistent colors and patterns; and wrinkle-free, pill-resistant fabrics that retain their good looks wash after wash. Even more important – A+ girlsweare is tailored for a great, comfortable fit.

Endless options

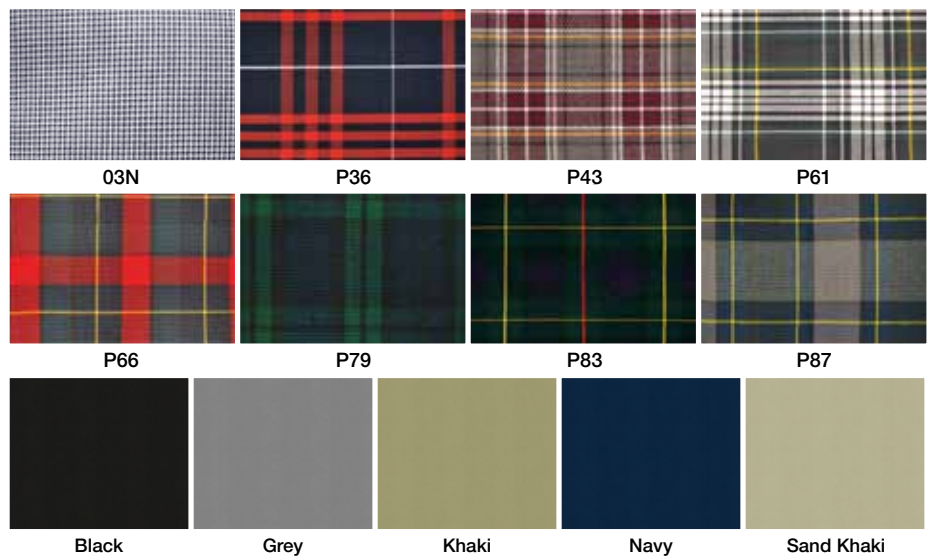

The jumpers, skirts, and skorts on the next few pages show our extensive in-stock inventory. Keep in mind, though, that the plaids you see here are only a few of the 200-plus plaid patterns available by special order. And the jumper styles we have in stock are just four of the dozens of models that can be part of a custom uniform program. Take advantage of our design service – talk to your A+ sales rep!

A+ Blend Fabrics (65% polyester, 35% cotton)

A+ Polyester Fabrics (100% polyester)

Many of our girlsweat items have an adjustable elastic waistband on the inside. Look for this feature in the product descriptions.

Knowing A+ is loving A+

1-year Wear-Tested™ Guarantee

A+ garments give students, parents, school administrators, and retailers everything they want in school uniform apparel – easy-care fabrics, maximum durability, consistent colors, and a great fit. We're so sure of our quality that if any garment doesn't stand up to one year of normal wear, we'll replace it. It's that simple.

Kid-friendly quality and performance

At A+ we hold ourselves and our suppliers to the highest standards. Whether an item is manufactured in our Arkansas plant or in one of our other facilities, it will live up to our 1-year Wear-Tested™ Guarantee. Built-in details like these hold the key:

Reinforced stitching

Adds strength to stress points like rear pockets

Top stitching

Helps keep the fabric in place so it won't stretch out of shape

Reinforced knees

28 square inches of added coverage per knee for enhanced durability

Easy-pull zippers

A+ nylon zippers are durable, rust free, and color matched to our garments

Elastic-back waistband

Ensures a comfortable fit all day

Adjustable inside waistband

Button-and-elastic system ensures a proper fit as the student grows

In addition, all products are made from proprietary A+ Fabrics™ manufactured to our strict performance specifications, so you can count on them to resist fading, shrinking, and pilling – and to withstand the wear and tear of the classroom, schoolyard, and beyond.

When you choose A+ School Apparel, you get made-to-last quality from America's school uniform leader – along with personal service and year-round inventory support. Go with the brand you can trust.

How can customers extend the life of their A+ garments?

The #1 way is by following our care instructions! Please encourage all customers to follow the care instructions found at www.schoolapparel.com/product-care. Proper garment care can save families time, money, and frustration!

Ask your A+ sales rep for some free Care Instructions posters or simply print your own (8½"x11") at www.schoolapparel.com/posters. They're perfect for hanging in dressing rooms, at entrances and check-out counters, on product fixtures, and anywhere else customers will see them.

Earth-conscious commitment

A+ shows its commitment to the environment by:

- Minimizing waste
- Recycling and using recycled materials
- Not using harmful substances on or in our products
- Using energy-saving lighting in our factories and offices
- Looking for eco-friendly solutions wherever possible

Respectful working environments

A+ employs several hundred people year round in our factory in Star City, Arkansas. We run this highly automated, fully air-conditioned facility in a way that respects the well-being of our workers. We also provide employees with a generous benefits package, including liberal vacation and family leave policies. Because we're dedicated to our employees, they're loyal to us and our customers in return.

At our offshore production facilities, we enforce a Working Conditions/Code of Conduct Policy designed to protect the rights and dignity of our workers worldwide. We require that all factories we do business with operate in full compliance with their local and national laws, provide a safe working environment, and do not discriminate in their hiring practices.

Vertical integration, U.S. manufacturing capabilities

A+ is proud to offer full U.S. production capabilities, including our Arkansas knitting mill, garment factory, and distribution center, along with in-house design, embroidery, and inventory services. One of the benefits for our customers is our ability to fill in product inventory quickly whenever needed.

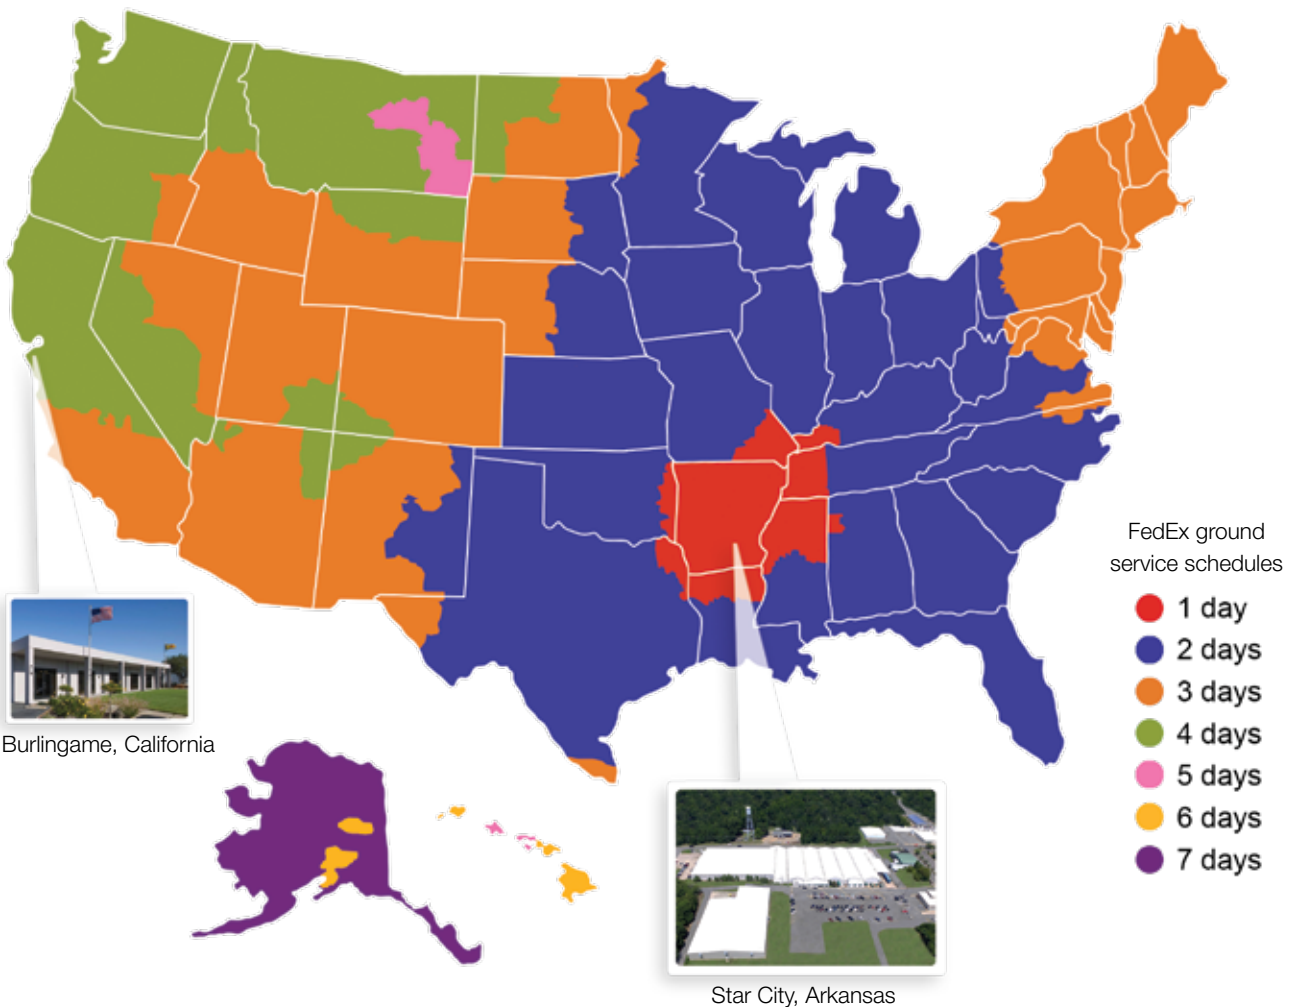

Extensive in-stock inventory

More colors, more sizes, more styles – A+ has the most extensive in-stock inventory of any uniform company in the United States. Our product line is also the most comprehensive, so you can rely on premium A+ schoolwear for hoodies, tights, and everything in between – and get delivery year round. Plus, with the A+ brand, you can expect consistency in color and fit, year after year.

Working with A+ is trusting A+

Friendly, capable customer care to save you time and trouble

We couldn't claim to be America's leading school uniform provider without having the best customer service team in the industry. Our sales managers and customer service reps work together to provide timely, helpful responses to all your school apparel needs. Each A+ customer has a dedicated customer service rep who can answer product and inventory questions, track orders, and make forecasts. As well as being friendly and well trained, our reps are also empowered to make decisions as they work to get you the product and service you need.

Centrally located facilities for faster, lower-cost delivery

All A+ orders are shipped from our distribution center in Arkansas. This central location means lower freight charges and shorter transit times, so you can be comfortable ordering just what you need, when you need it. And we process each order within hours to give you quick turnarounds.

Our preferred package delivery service is UPS; we've found that UPS gives our customers the best service and satisfaction for both large and small shipments. Shipping charges will appear on the same invoice as the order.

Daily Wear . Easy Care
 Custom design and special orders
 to meet any school's needs

If our in-stock items don't meet a school's needs, we're always ready to develop a custom program. The A+ design team has created hundreds of alternate patterns and can always customize a style to fit a school's specific requirements. Call your A+ sales rep to learn more about custom programs.

Embroidery services for consistent brand identity

Our in-house embroidery service just makes sense for retailers and the schools they serve. Here are some of the many benefits to using A+ as a one-stop source:

- Competitive pricing
- Hassle-free service and quality control
- Easy ordering through your online storefront
- Comprehensive embroidery capabilities, including tape digitizing
- Packaging the way you want it – fan-fold, poly-bag, or other method
- Free setup if you provide a viable embroidery disk
- Time savings over using a third-party embroiderer

EDI, B2B, and e-commerce services
 to match your business process

Retailers doing business with A+ School Apparel can choose from a variety of order management options:

- Our proprietary B2B website (vip.apluseveryday.com), which enables order entry and tracking, inventory inquiry and management, invoice and statement printing, and more
- EDI, including standard transactions such as 850, 855, 810, 856, 820, and 997
- Customized web services for information exchange
- Information sharing via FTP and email

Your customer service representative is always ready to answer questions about any of these methods.

Merchandising support to help boost sales

A+ offers retailers a variety of sales tools, including point-of-purchase posters. In addition, our sales managers and marketing specialists are always ready to offer suggestions for improving your store's configuration to attract and accommodate customers and enhance the overall appeal.

Size charts available

If you have questions about sizing, please call your A+ sales rep. We'll be happy to provide size charts and answer any of your sizing questions.
