"We couldn't think of a better brand to help us create our first potato chip," said Mike's Hot Honey Founder Mike Kurtz. *"Not only is the chip the perfect pairing of Utz's classic, salty crunch and our distinctive sweet with a kick of heat, but it's the perfect pairing of two brands with rich histories in New York City, now made available nationwide thanks to popular demand. We're excited about this partnership."*

The Utz story began in 1921 in Hanover, Pennsylvania, in the small-town kitchen of Bill and Salie Utz. They believed potato chips could be better and should be made from clean and simple ingredients to bring out the natural flavor of farm-fresh potatoes. Mike's Hot Honey was founded in 2010 by Mike Kurtz with a desire to create and share the highest quality honey infused with chili peppers. Mike's Hot Honey has become a word-of-mouth sensation sparking the creation of a new honey category that empowers chefs and eaters alike and which now includes potato chips.

About Mike's Hot Honey

[Mike's Hot Honey](#) is America's leading brand of hot honey and has been elevating everyday eating experiences since 2010, when its first drizzle on a pizza at Paulie Gee's in Brooklyn sparked a word-of-mouth sensation and created a new category of pizza topping. By popular demand, Mike started selling his small-batch, hand-labeled hot honey bottles to visitors of the pizzeria, as well as other local restaurants and businesses. Today, Mike's Hot Honey, with the same original recipe, can be found in thousands of restaurants and retailers across the country. Using only 100% pure honey infused with real chili peppers, Mike's Hot Honey's one-two flavor punch of sweetness then heat makes any dish more dynamic, from the original pairing on pepperoni pizza to chicken, cheese and charcuterie, ice cream, cocktails, and so much more. Mike's Hot Honey empowers chefs and eaters everywhere to customize, create, and share extraordinary meals. Happy drizzling!
