

MODEL:
BAG3200

**UNMATCHED DESIGN.
SUPERIOR PROTECTION.**

The Bastion™ ballistic helmet was designed to advance the industry's way of thinking. As a functional protective layer, comfort and fit is as essential to the helmet as the ballistic performance itself.

The BAG3200 aramid-composite blend shell offers NIJ Level IIIA protection in a familiar yet more functional contour for ear protection/communications, more versatility with solid machined metal shroud and rails, and superior comfort with memory foam pads featuring NFL-level shock absorption for blunt impact and ballistics alike.

BRAVE THE ASSAULT.™

FEATURES

Provides **INCREASED PROTECTION AGAINST HANDGUN BULLETS** (9mm and .44 Magnum)

UNIVERSAL SHAPE with advanced high cut geometry for improved tactical agility & peripheral visibility

LOW REFLECTION FINISH

PROUDLY MADE IN THE UNITED STATES

DESIGNED FOR YOU

The **Bastion™** ballistic helmet is a highly versatile platform, designed to accommodate the unique configuration and tactical needs of field law enforcement agents and military patrol units alike. From its modified high cut for greater maneuverability and peripheral visibility to its best-in-class memory foam suspension, the Bastion™ offers superior protection and functionality without the discomfort and fatigue often associated with a ballistic helmet.

AVAILABLE COLORS & COLORS

High Cut

Mid Cut

Regular Cut

RETENTION

Turn Dial Retention System: Single-hand turn dial 4-point harness with hook & loop bottless fasteners. Uses Hook & loop to securely fasten to shell interior.

SUSPENSION

High Impact Suspension System: Memory foam liner shock absorption pads feature proprietary technology and soft Lycra® face to ensure maximum comfort and wearability all day long while providing a 7/8" (22mm) protective layer of protection against impact and BFD.
