

Gladius NT615GR

◆ Features

1. Remove the TPU cover by peeling it away from the internal hard case.
2. Locate the arrows around the internal hard case and release each tab on all sides to release the back cover. Test out the hand strap size. Adjust if necessary (See "Leather Strap" section).
3. Put the iPad in the back cover.
(Reminder: Clean the iPad screen before the next step.)
4. Install the front over the iPad and clip on all sides.
5. Reinstall the TPU cover. Make sure all of the ports and edges are perfectly aligned for protection.

Adjusting and Installing the Leather Strap

1. Secure the leather strap over the pins on one side. Adjust the strap length according to your hand size.
2. Secure the leather strap over the pins on the other side.
3. After securing the strap, insert the iPad into the case.
4. Use the leather strap to rotate the case. **Do not use the kickstand to rotate the case.**

◆ Adjusting the Kickstand

1. The kickstand is located under the leather strap. Gently lift the kickstand out with the finger latch.
2. Once the kickstand is fully extended, place the case on a flat surface.

◆ Side storage compartment for Apple pencil

◆ Rubber Cap for Apple Pencil

To place your Apple Pencil into the compartment:

- Insert the Apple Pencil through the loop and push it all the way into the pencil holder
- Once the pencil holder is in its place, slide the whole Apple Pencil into the compartment

Feature: The Apple Pencil cap is designed to stay inside the pencil holder to prevent it from being misplaced.

To remove the Apple Pencil and the Apple Pencil cap from the holder:

- Put the Apple Pencil into the Compartment and make sure that the Apple Pencil is properly connected to the Apple Pencil cap.
- Hold the Pencil holder with one hand and gently twist the Apple Pencil and pull it out.

To charge the Apple Pencil:

- Pull the Apple Pencil out of the compartment (The Apple Pencil cap should stay inside the pencil holder. You do not have to take the Apple Pencil cap out when the Apple Pencil is being charged).
- Slide the loop to an appropriate position charge your Apple Pencil

◆ Please make sure all the clips are fastened properly, especially the clips on the upper left corner near the entrance of the compartment.
