Bluetooth Pairing Steps

INITIAL PAIRING:

1. Power on the earphones. A voice prompt will say: "Power on".
2. Switch on your device's Bluetooth.
3. In your device's Bluetooth setting, select "NT700".
4. Once the connection is established, a voice prompt will say: "Your headset is connected".

RE-CONNECTION:

The device will automatically reconnect to the last paired device when turned on. Please repeat the pairing steps if your device is not connected automatically.

Phone Calls

1. To accept an incoming call: Quick press the MFB. Voice prompt will say the incoming phone number.
2. To end the call: Quick press the MFB.
3. To reject the call: Press the MFB for one second.
4. To redial last phone number, double press the MFB. Voice prompt will say: "Last number redial".

Basic Operations

1. Power ON:
-Press and hold Right MFB button 3-4 seconds.
2. Power OFF:
-Press and hold Right MFB button 3-4 seconds.

Products Specification

Input Voltage: 5V
Charge Time: 2 hours
Talk Time: 6-8 hours
Play Time: 6-8 hours

Use an appropriate DC 5V power adapter to charge the headsets on a wall outlet.

The Bluetooth headset can play audio from all Bluetooth devices such as mobile phone and laptops. When connected to DONGLE on PC, audio can be transmitted to the headset.

WARNING:
This headset built-in has non-removable rechargeable batteries. Please do not take out the batteries from the headset; otherwise the headset will be damaged. When the headset is not in use for a long time, put it at a dry place with good ventilation.

- * Quick press -: Volume down

Safety Precautions

MUST READ BELOW. Important safety information before using this product.

WARNING: Failure to follow these safety instructions could result in fire, electric shock, injury, or damage to this product or other property.

Avoid Hearing Damage: Permanent hearing loss may occur if earphones are used at high volume. Please set the volume to a safe level. If you experience ringing in your ears or muffled speech, stop listening and have your hearing checked.

Avoid Electrostatic Shock: It is easy to build up static when using headphones in areas where the air is very dry. To minimize the risk of electrostatic discharge from the headphones, avoid using the headphones in extremely dry environments, or touch a grounded unpainted metal object before inserting the headphones.

In Case of Skin Irritation: Clean the earbuds frequently with an antiseptic to avoid leading to ear infections. If a skin problem develops, discontinue use. If the problem persists, consult a physician.

Medical device interference: This product contains components and radios that emit electromagnetic fields. These electromagnetic fields and magnets may interfere with pacemakers, defibrillators, or other medical devices. Consult your physician and medical device manufacturer if you suspect this product is interfering with your medical device.

Do Not Use While Driving: Do not use while driving or performing activities that required your full attention.

Do not attempt to repair this product: Disassembling this product may damage the battery, which can cause overheating and injury.

Keep Out of Reach of Children and Pets: The small parts included with this product serve as choking hazards for children and pets. This product should be kept away from children and pets at all times.

Disposal and Recycling Information: This product should not be disposed of with household waste. Dispose this product in accordance with local environmental laws and guidelines.
