Bluetooth Paring Steps

INITIAL PAIRING

1. Power on the earphones. A voice prompt will say: "Power on".
2. Switch on your device's Bluetooth.
3. In your device's Bluetooth setting, select "NT710R" to pair. A voice prompt will say, "Left channel, right channel connected".
4. Once the connection is established, a voice prompt will say: "Pairing successful. Second device connected".

RE-CONNECTION:

The device will automatically reconnect to the last paired device when turned on. Please repeat the pairing steps if your device is not connected automatically.

Phone Calls

NT710 comes with a built-in microphone.

1. To accept an incoming call, quick press the MFB.
2. To end the call, quick press the MFB.
3. Use your cell phone to decline any incoming call.
4. To redial last phone number, double press the MFB. Voice prompt will say: "Redialing".
5. Only right ear bud can receive phone calls.

Basic Operations

1. Power ON:
 - Press and hold the left and right MFB buttons at the same time for 2-3 seconds.
2. Power OFF:
 - Press and hold right MFB button 2-3 seconds. Both earphones will be turned off.
3. Auto power off:
 - Earphones will be turned off automatically if they are not paired up with any devices.

Products Specification

Input Voltage: 5V

- * Quick press +: Volume up
- * Quick press -: Volume down

Safety Precautions

MUST READ BELOW: Important safety information before using this product.

Avoid Hearing Damage: Permanent hearing loss may occur if earphones are used in high volume as a habit. Please set the volume to a safe level. Stop listening and have your hearing checked if you experienced ringing in your ears or muffled speech.

Avoid Electrostatic Shock: Static will build up where the air is very dry. To minimize the risk of electrostatic discharge from ht earphones, avoid using earphones in extremely dry environments. Or touch a grounded unpainted metal object before inserting earphones. In case of Skin Irritation: Clean the ear buds frequently with an antiseptic to avoid leading to ear infections. If skin problem develops, discontinue use of ear phones. Consult a physician if needed.

Medical Device Interference: This product contains components & radios that emit electromagnetic fields. These electromagnetic fields & magnets may interfere with pacemakers, defibrillators, or other medical devices. DO NOT use this product if you are using any medical device.

This product is not waterproof nor oleophobic.

Warning

DO NOT remove or attempt to remove the built in non removable battery from the earphones. Attempted to do so might cause the battery to react and heat up, and lead to injuries. DO NOT let the device stay in charging condition when is fully charged. Unplug the charging cable when it is done charging. Charge the earphones once every 2 weeks to prevent battery drain completely. Place the ear phones in dry area for good ventilation to prevent moisture built up when it is not in use. DO NOT use while driving or performing activities that required your full attention. Attempt to dismantle or dismantling this product will void the product warranty. Keep out of reach of children and pets at all times.

Disposal & Recycling Information: This product should not be disposed of with house hold waste. Dispose this product in accordance with local environmental laws and guidelines.
