PINHOLE SHADE, SMALL

PRODUCT DESCRIPTION

Crafted from off-white card, the Pinhole Shade features delicate cross cut-outs that cast out a subtle light.

COMPOSITION & CARE

Made from grained premium paper with a wire candle clip frame. Due to the delicate and absorbent nature of these shades, we advise to keep handling to a minimum. For this reason, once the 100% recycled protective film packaging is removed, these shades cannot be returned. We recommend avoiding using chemicals when cleaning, simply dust with a lint free cloth.

DIMENSIONS

Base: 255mm

Top: 150mm

Height: 213mm

FIXED GIMBAL FITTING

Fixed E27 gimbal, suitable for both E27 and B22 lamp bases. Shade Rings included.

Pendant fitting not available.

FITTING SPECIFICATIONS

Bulb: Pair with the LED Filament Bulb available on our website.

These shades are compatible for both UK and EU fittings. If your base is UK compatible, you will need to position the shade reducers included with your shade above and below the shade carrier, so that the shade is sandwiched to the base. Secure with the detachable shade ring usually found on lamps.
