GLUTEN FREE	\$2.25

MORE INFORMATION

offerings

We offer a variety of cookies from regular to mini's; you can choose between pre-filled, DIY, pain, plain w/ dressing or gluten free. For DIY cookies, you and your guests can inject the cookies using a ready to go syringe which makes for an interactive and memorable experience. Minimum of 100 cookies per order.

heating

Cookies need to be warmed in an oven at 250-degrees for 2-5 minutes before being served. If you do not warm DIY cookies prior to eating, it will be difficult to inject the cookies. If an oven is not accessible, microwave for 30 seconds and it should do the trick!

customization

You can customize dressings with specific sprinkles or M&M colors for an additional \$.50 per cookie. If you're looking to give away cookies as party favors, add them to welcome bags or deliver them to guests at a hotel we offer individual wrapping with custom stickers.

delivery & pick-up

Delivery fee starts at \$10.00 to most Chicago neighborhoods. Delivery to further distances and suburbs is available for an additional fee. Delivery hours are between 12-5pm. We ship out of state for large orders but those orders need to be placed at least one month in advance. When inquiring, please include the address/zip code so we can provide an estimate. We do not set-up.

Free pick up available in River North and Highland Park, IL between 12-5pm.

tasting

Schedule a tasting by emailing Hallie and Ilyssa at events@sweetshotcookies.com.
