

Perfect Fit ®

COMFORT-FIT MATTRESS TOPPER

Congratulations on your purchase of the amazing Perfect Fit™ Comfort-Fit Mattress Topper!

- 1.** When you first receive the mattress topper, remove it from the plastic cover and set aside. It is recommended you aerate for 24 hours in a warm place. This softens and expands the mattress topper and also clears the residual smell from it being sealed in plastic.
- 2. Cleaning:** Only the removable cover is machine washable and can be washed on a warm water setting, then air dried. The Comfort-Fit inner material is not machine-washable or machine-dryable. It should be spot cleaned with a damp cloth and mild, clear soap when necessary. Let it air dry completely before covering with bed linen/sheets. Be sure to follow manufacturers care instructions.

FAQ's

What is Perfect Fit™ Comfort-Fit material?

Gel beads are infused into premium Perfect Fit Comfort-Fit™ material, resulting in the perfect balance of comfort, support and an optimal sleep temperature. You experience cradling support with the added cooling comfort of gel. It's a revolutionary advance in sleep technology and provides a deeply restful sleep that relaxes, refreshes and rejuvenates.

How does it work?

Gel beads work with your natural body temperature, providing the optimal balance of coolness and warmth. The gel beads promote better air circulation through the Comfort-Fit cells for superior breathability for all-season comfort.

Is memory foam sensitive to temperature?

Yes, very warm and humid weather may make the mattress topper feel softer, while very cold weather may make it feel somewhat firmer.

Can I use an electric blanket with my topper?

It is not advised to use an electric blanket with the Perfect Fit™ Comfort-Fit Mattress Topper.

Why? This is because the memory foam is already temperature sensitive. It responds to your body heat, softening in the areas where you need support most. Placing your electric blanket on your topper may cause it to soften even further which will eventually prevent it from giving you the adequate level of support that you need.

Better sleep makes better days!
