

RESICHEM UCEN SOLIDIFIER

Page: 1 Compilation date: 10/12/2018 Revision No: 2

#### Section 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

#### Product name: RESICHEM UCEN SOLIDIFIER

Product code: 511

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

#### 1.3. Details of the supplier of the safety data sheet

Company name: Resimac Limited

Unit B, Park Barn Estate

Station Road

Topcliffe, Thirsk

North Yorkshire

YO7 3SE

United Kingdom

# Tel: 01845 577498

Email: info@resimac.co.uk

### 1.4. Emergency telephone number

Emergency tel: 01845 577498

# Section 2: Hazards identification

### 2.1. Classification of the substance or mixture

Classification under CHIP: Xn: R20/21/22; C: R34; Sens.: R43; -: R52/53

Classification under CLP: Acute Tox. 4: H302; Aquatic Chronic 3: H412; Resp. Sens. 1: H334; Skin Corr. 1B: H314;

Skin Sens. 1A: H317; STOT RE 2: H373

Most important adverse effects: Harmful by inhalation, in contact with skin and if swallowed. Causes burns. May cause

sensitisation by skin contact. Harmful to aquatic organisms, may cause long-term

adverse effects in the aquatic environment.

#### 2.2. Label elements

# Label elements:

Hazard statements: H302: Harmful if swallowed.

H314: Causes severe skin burns and eye damage.

H317: May cause an allergic skin reaction.

H334: May cause allergy or asthma symptoms or breathing difficulties if inhaled.

H373: May cause damage to organs through prolonged or repeated exposure.

H412: Harmful to aquatic life with long lasting effects.

|                            | aquatic environment.                                                                 |
| Safety phrases:            | S1/2: Keep locked up and out of the reach of children.                               |
|                            | S26: In case of contact with eyes, rinse immediately with plenty of water and seek   |
|                            |                                                                                      |

medical advice.

S29: Do not empty into drains.

S36/37/39: Wear suitable protective clothing, gloves and eye / face protection.

S45: In case of accident or if you feel unwell, seek medical advice immediately (show

the label where possible).

# 2.3. Other hazards

**PBT:** This product is not identified as a PBT/vPvB substance.

# Section 3: Composition/information on ingredients

# RESICHEM UCEN SOLIDIFIER

# 3.2. Mixtures

# Hazardous ingredients:

# METHYLENEOXIDE, POLYMER WITH BENZENEAMINE, HYDROGENATED

# Section 4: First aid measures

| 4.1. Description of first aid me | easures                                                                                     |
|----------------------------------|---------------------------------------------------------------------------------------------|
| Skin contact:                    | Remove all contaminated clothes and footwear immediately unless stuck to skin.              |
|                                  | Drench the affected skin with running water for 10 minutes or longer if substance is still  |
|                                  | on skin. Transfer to hospital if there are burns or symptoms of poisoning.                  |
| Eye contact:                     | Bathe the eye with running water for 15 minutes. Transfer to hospital for specialist        |
|                                  | examination.                                                                                |
| Ingestion:                       | Wash out mouth with water. Do not induce vomiting. Give 1 cup of water to drink every 10    |
|                                  | minutes. If unconscious, check for breathing and apply artificial respiration if necessary. |
|                                  | If unconscious and breathing is OK, place in the recovery position. Transfer to hospital    |
|                                  | as soon as possible.                                                                        |
| Inhalation:                      | Remove casualty from exposure ensuring one's own safety whilst doing so. If                 |
|                                  | unconscious and breathing is OK, place in the recovery position. If conscious, ensure       |
|                                  | the casualty sits or lies down. If breathing becomes bubbly, have the casualty sit and      |
|                                  | provide oxygen if available. Transfer to hospital as soon as possible.                      |
| 4.2. Most important symptom      | s and effects, both acute and delayed                                                       |
| Skin contact:                    | Blistering may occur. Progressive ulceration will occur if treatment is not immediate.      |
| Eye contact:                     | Corneal burns may occur. May cause permanent damage.                                        |

**Ingestion:** Corrosive burns may appear around the lips. Blood may be vomited. There may be bleeding from the mouth or nose.

## RESICHEM UCEN SOLIDIFIER

Page: 4

Inhalation: There may be shortness of breath with a burning sensation in the throat. Exposure may

cause coughing or wheezing.

Delayed / immediate effects: Immediate effects can be expected after short-term exposure.

4.3. Indication of any immediate medical attention and special treatment needed

Immediate / special treatment: Not applicable.

#### Section 5: Fire-fighting measures

#### 5.1. Extinguishing media

Extinguishing media: Suitable extinguishing media for the surrounding fire should be used. Use water spray

to cool containers.

#### 5.2. Special hazards arising from the substance or mixture

**Exposure hazards:** Corrosive. In combustion emits toxic fumes.

5.3. Advice for fire-fighters

Advice for fire-fighters: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact

with skin and eyes.

#### Section 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

**Personal precautions:** Notify the police and fire brigade immediately. If outside keep bystanders upwind and away from danger point. Mark out the contaminated area with signs and prevent access to unauthorised personnel. Do not attempt to take action without suitable protective clothing - see section 8 of SDS. Turn leaking containers leak-side up to prevent the escape of liquid.

### 6.2. Environmental precautions

Environmental precautions: Do not discharge into drains or rivers. Contain the spillage using bunding.

#### 6.3. Methods and material for containment and cleaning up

**Clean-up procedures:** Clean-up should be dealt with only by qualified personnel familiar with the specific substance. Absorb into dry earth or sand. Transfer to a closable, labelled salvage container for disposal by an appropriate method.

#### 6.4. Reference to other sections

Reference to other sections: Refer to section 8 of SDS.

### Section 7: Handling and storage

#### 7.1. Precautions for safe handling

Handling requirements: Avoid direct contact with the substance. Ensure there is sufficient ventilation of the area.

Do not handle in a confined space. Avoid the formation or spread of mists in the air.

### RESICHEM UCEN SOLIDIFIER

#### 7.2. Conditions for safe storage, including any incompatibilities

Storage conditions: Store in a cool, well ventilated area. Keep container tightly closed.

Suitable packaging: Must only be kept in original packaging.

#### 7.3. Specific end use(s)

Specific end use(s): No data available.

## Section 8: Exposure controls/personal protection

#### 8.1. Control parameters

Workplace exposure limits: No data available.

DNEL/PNEC Values

DNEL / PNEC No data available.

#### 8.2. Exposure controls

| Engineering measures:   | Ensure there is sufficient ventilation of the area.                        |
|-------------------------|----------------------------------------------------------------------------|
| Respiratory protection: | Self-contained breathing apparatus must be available in case of emergency. |
| Hand protection:        | Impermeable gloves.                                                        |
| Eye protection:         | Tightly fitting safety goggles. Ensure eye bath is to hand.                |
| Skin protection:        | Impermeable protective clothing.                                           |

### Section 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

State: Liquid

Colour: Yellow-brown

Odour: Ammoniacal

Solubility in water: Insoluble

Viscosity: Non-viscous

Boiling point/range°C: >200

Autoflammability°C: 380

Relative density: 1.0

Flash point°C: >100

9.2. Other information

Other information: No data available.

## Section 10: Stability and reactivity

10.1. Reactivity

Reactivity: Stable under recommended transport or storage conditions.

#### 10.2. Chemical stability

Chemical stability: Stable under normal conditions.

## RESICHEM UCEN SOLIDIFIER

### 10.3. Possibility of hazardous reactions

Hazardous reactions: Hazardous reactions will not occur under normal transport or storage conditions.

Decomposition may occur on exposure to conditions or materials listed below.

# 10.4. Conditions to avoid

Conditions to avoid: Heat.

10.5. Incompatible materials

Materials to avoid: Strong oxidising agents. Strong acids.

#### **10.6.** Hazardous decomposition products

Haz. decomp. products: In combustion emits toxic fumes.

#### Section 11: Toxicological information

#### 11.1. Information on toxicological effects

### Hazardous ingredients:

#### **RESICHEM UCEN SOLIDIFIER**

**Page:** 8

Marine pollutant: No

#### Section 14: Transport information

#### 14.1. UN number

UN number: UN2735

#### 14.2. UN proper shipping name

Shipping name: AMINES, LIQUID, CORROSIVE, N.O.S.

(4,4-METHYLENEBIS(CYCLOHEXYLAMINE))

14.3. Transport hazard class(es)

Transport class: 8

14.4. Packing group

Packing group: III

14.5. Environmental hazards

Environmentally hazardous: No

14.6. Special precautions for user

Special precautions: No special precautions.

Tunnel code: E

Transport category: 3

Section 15: Regulatory information

15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

Specific regulations: Not applicable.

15.2. Chemical Safety Assessment

Chemical safety assessment: A chemical safety assessment has not been carried out for the substance or the mixture

by the supplier.

#### Section 16: Other information

# Other information

 Other information: This safety data sheet is prepared in accordance with Commission Regulation (EU) No

 453/2010.

 \* indicates text in the SDS which has changed since the last revision.

 Phrases used in s.2 and s.3:

 H302: Harmful if swallowed.

 H312: Harmful in contact with skin.

 H314: Causes severe skin burns and eye damage.

 H317: May cause an allergic skin reaction.

 H332: Harmful if inhaled.

 H334: May cause allergy or asthma symptoms or breathing difficulties if inhaled.

## RESICHEM UCEN SOLIDIFIER

H373: May cause damage to organs <or state all organs affected, if known> through prolonged or repeated exposure <state route of exposure if it is conclusively proven that no other routes of exposure cause the hazard>.
H412: Harmful to aquatic life with long lasting effects.
R20/21/22: Harmful by inhalation, in contact with skin and if swallowed.
R20/22: Harmful by inhalation and if swallowed.
R21: Harmful in contact with skin.
R34: Causes burns.
R43: May cause sensitisation by skin contact.
R52/53: Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.
