NOIR COLLECTION
2022

Moss Living celebrates functional yet luxurious pieces that transcend seasons and trends. We focus on chic basics that pay homage to linen in its purest form, blurring the lines between comfort and contemporary.

Each piece is crafted effortlessly and structurally re-designing the classic silhouettes and staples in a wardrobe to last a lifetime. We are committed to slow fashion, with sustainability remaining at the forefront of every decision we make.

Our Noir Collection is our rebirth back to basics; an ode to simplistic living. Featuring a range of refined, sophisticated, and relaxed wardrobe essentials made for layering.

Showcasing oversized shirts, wide-leg pants and comfortable skirts consciously crafted from midweight GOTS certified French Flax Linen utilising AZO-free dye.

Our core values include sustainability and philanthropy, bridging the connection between consumer and the environment.

Recognising our responsibility to the planet and the people that craft each garment, we build our brand through thoughtful practices only utilising the purest form of certified 100% French Flax Linen.

Lines on Linen.

We create clothing for people
to lounge in; to feel their most
comfortable and most
confident.
