

COLOR-TO-COLOR CONVERSION CHART

MICRO-EDGE COLORS	SIMILAR TO AQUA/VELVET COLOR
	<p>All Micro-Edge colors are unique (none are the same as any in the Aqua/Velvet range), but several have some <i>similarities</i> to some Aqua/Velvet colors which are noted below:</p>
BUTTERSCOTCH	<p>This is a medium blonde. If you like Breve, you will enjoy working with Butterscotch. Reminder: this color has been pre-neutralized already with added warmth. Additional warmth may not be required.</p>
MILK N' HONEY	<p>This is a medium blonde-brown color, without as much warmth as Butterscotch. If you like Crème Latte, you will enjoy working with Milk N' Honey. Reminder: this color has been pre-neutralized already with added warmth. Additional warmth may not be required.</p>
BROWN CAFÉ	<p>This is a warm medium brown color. If you like Autumn Gold, you will enjoy working with Brown Café. Reminder: this color has been pre-neutralized already with added warmth. Additional warmth may not be required.</p>
TAMARIND	<p>This is a medium cooler brown color. If you like Mochaccino, you will enjoy working with Tamarind. Reminder: this color has been pre-neutralized already with added warmth. Additional warmth may not be required.</p>
CHOCOLATE COGNAC	<p>This is a darker elegant brown color. If you like Navajo Brown, you will enjoy working with Chocolate Cognac. Reminder: this color has been pre-neutralized already with added warmth. Additional warmth may not be required.</p>
TEDDY BEAR BROWN	<p>This is a darker rich brown color. This is a very unique color and there are no comparisons within the Aqua & Velvet line. Reminder: this color has been pre-neutralized already with added warmth. Additional warmth may not be required.</p>
FUDGE BROWN	<p>This is a very dark brown brow color. If you like Chocolate Truffle, you will enjoy working with Fudge Brown. Reminder: this color has been pre-neutralized already with added warmth. Additional warmth may not be required.</p>
ECLIPSE	<p>This is a very dark brown-black color. If you like Ebony Brown, you will enjoy working with Eclipse.</p>

COLOR-TO-COLOR CONVERSION CHART

MICRO-EDGE MODIFIER COLORS	SIMILAR TO AQUA/VELVET COLOR
TENDER BLONDE	This is a light blonde color. This is a very unique color and there are no comparisons within the Aqua & Velvet line. It's a modifier to slightly lighten other light-to-medium Micro-Edge colors. Do not add to darker Micro-Edge Colors
COOL-IT	This is a very concentrated medium ash-brown color. Use sparingly. If you like Olive Mod, you will enjoy working with Cool-It. This is a modifier color to slightly cool down other Micro-Edge colors.
WARM-IT	This is a very concentrated warm mustard-orange color. If you like Gray Vanish, you will enjoy working with Warm-It. This is a modifier color for warming up other Micro-Edge colors.
RUM RAISIN	This is a red brown. If you like Auburn, you will enjoy working with Rum Raisin. This is a modifier color to add more red to other Micro-Edge colors.
PURPLE-OUT	This is a more neutral yellow color compared to warmer or cooler yellows. If you like Non-Violets you will enjoy working with Neutralize-It. This modifier was formulated to neutralize and correct purple/violet brows.
