RIGID CORE

## SPC Rigid Core Collection

Luxury Vinyl Flooring. Inspired by Wood.

Our line of SPC (also known as stone plastic composite or solid polymer core) floating plank vinyl flooring is high-quality, waterproof, stable, quiet, and durable. Click-system and a built-in underlayment padding makes this flooring ready for easy installation. SPC RIGID Core is offered in a wide array of wonderful colors and patterns that are all inspired by the natural beauty of hardwood flooring.

## FEATURES

### ELEVATED STYLE:

Carefully curated plank and tile collection features a range of designs in variety of sizes.

### CORE:

The core construction eliminates air pockets, which results in increased product hardness and protection from moisture.

### TEMPERATURE:

Performs at high temperatures with no crowning, cupping or wear layer delamination.

### LOCK STRENGTH:

The core construction enables precision milling of the lock.

## BENEFITS

Versatile color palette with enhanced detail to better replicate the authentic character found in natural wood and stone.

Larger formats mean fewer seams and less distraction for an elegant, upscale design aesthetic.

Delivers 100% waterproof protection.

Provides greater impact resistance and dimensional stability for high traffic areas.

No acclimation required.

Installs on any level, including three season rooms and rooms with direct sunlight.

Makes installation easy and fast.

## Accessory Profiles for 5mm SPC Plank Flooring

All pieces are 94" long.

### T-Molding

- Used between floors of equal height

### Surface Reducer

- Used between floors of unequal height

### End Cap

- Used to fill the gap between the floor and carpet, hearths or against sliding doors

### Flush Stair Nose

- Finishes the end of a step

### Quarter Round

- Hides open spaces where the flooring meets steps, baseboards and cabinets

## Beyond A Showroom

PID Floors has elevated our operation and expanded our influence beyond that of a typical flooring showroom:

We have developed a first-class logistics network with the capability of shipping to and from locations throughout the globe. We own and operate our own local warehouses and distribution centers, complete with fully functional storage, packing, and delivery capabilities. Every step is “in-house.”

We are committed to working with our customers, hand in hand and will be there every step of the way, avoiding the intermediary. From start to finish—from selection to delivery—you will be dealing with us and only us and can expect superior white glove service throughout.

Let's create your dream floor for your vision in the sky!

**PHASE 1**  
Anchoring the dream

**PHASE 2**  
Creating the plan

**PHASE 3**  
Building the foundation

**PHASE 4**  
Receiving and enjoying your creation

### Consultation

Our clients meet with one of our flooring account representatives to define their new floor. Covering everything from aesthetics and performance, to budget and lead time.

### Color & Structured Details

Our staff will share their vast knowledge about the many benefits for each type of solid or engineered flooring to best meet your specific needs.

### Dimensions & Characteristics

Next, it's time to dive into the details of what will make this floor perfect for you. We discover together what type of species, grade, finish, cut, pattern, and so much more will make this floor truly yours.

### Sustainability

With several LEED Green Associates on staff, we are very conscious of meeting the highest of health and environmental standards. We make sure our priorities are in line with yours and determine the best ways to ensure your custom floor is sustainable for many years to come.

### Sample Creation

Now it's time to get to work! Our team creates a sample to illustrate exactly what your floor will look and feel like to ensure it is what you had in mind.

### Approval

The sample is now placed in your hands to touch, feel, and see the quality and texture of the floor we are custom creating for you.

### Custom Production

After approval, the team jumps into full production mode to create your flooring

### Logistics

Getting the flooring to the customer via land, sea, or air – No matter where the location, we will deliver your flooring right to your curb for your contractor to take it from there.

The beautiful floor is installed in the space – Voilà! It's time to enjoy your custom created floor in your beautiful space.

Lastly, we show you the tools necessary for maintenance so you will have a high-quality floor for many years to come.

Let's chat about your new project!
