THE PID FLOORS DIFFERENCE

ENDLESS POSSIBILITY

Our mantra at PID Floors has always been “Something For Everyone.” We give customers effortless access to the best selection of products from around the world. We consider ourselves a meticulously curated one-stop shop—we carry over 1000 standard items in our inventory, most of which are stocked locally for quick delivery. For many years we have traveled the globe, in pursuit of finding the best materials and remain passionately committed to continuously seeking out the best as our industry evolves. Complete with full-bespoke capabilities, we believe in truly “having it all,” and making it easily accessible for our customers. This is why we have become a trusted and respected institution for architects, designers, developers, and homeowners.

LUXURY WITHOUT ELITISM

PID Floors was founded in 1989 by a family from Ukraine, who arrived in the United States with only a sanding machine, a passion for woodworking, and a shared dream. Undaunted by a new culture and a new language, they believed that with an unwavering dedication to hard work, love, and exquisite craftsmanship—truly anything is possible. This ethos along with “Luxury without Elitism” have been their guiding principles ever since, shaping a family company that has always been about more than just hardwood flooring—it is about crafting extraordinary design experiences.

This philosophy, instilled over three generations and 35 years, guides them every day.

Their unwavering dedication to knowledge, expertise, innovation, and ease of service from start to finish, all stems from a deep love for what they do and a true desire to make all customers’ flooring design dreams become a reality.

PERSONAL RELATIONSHIPS WITH FACTORIES

After 35 years in business, we know every factory we work with and maintain personal relationships with every single one which gives us the ability to know the specific strengths and capabilities each possesses. When we sell you a wood floor, we can tell you the country where it was made and the name of the person who made it.

BEYOND A SHOWROOM

PID Floors has elevated our operation and expanded our influence beyond that of a typical flooring showroom:

- We have developed a first-class logistics network with the capability of shipping to and from locations throughout the globe.
- We own and operate our own local warehouses and distribution centers, complete with fully functional storage, packing, and delivery capabilities. Every step is “in-house.”
- We are committed to working with our customers, hand in hand and will be there every step of the way, avoiding the intermediary. From start to finish—from selection to delivery—you will be dealing with us and only us and can expect superior white glove service throughout.

INSIGHTFUL STAFF EXPERTISE

For over three decades, we have focused our collective efforts entirely on hardwood flooring. This focus has honed our ability to guide our clients to their ideal flooring selection. Over the years we've built our team around this core notion while encouraging each member to contribute a unique perspective that will help service our customers' diverse needs. Today our staff includes:

LEED Green Associates

Trained Interior Design Experts

National Wood Flooring Association Certified Inspectors

American Institute of Architects Instructors

Hardwood Federation Lobbyists

Environmental Specialists in Sustainable Building

SUSTAINABILITY

At PID Floors we strive to achieve sustainable practices in an industry that is constantly evolving. Our current sustainable model includes maintaining FSC certification and we are rigorously committed to the ongoing health, protection, and well-being of both our clients and the environment. Our aim is to have as many PID Floors products as possible achieve GREENGUARD certification, FloorScore® certification, Cradle to Cradle Certification™, and to publish Health Product Declarations through the HPD-Collaborative. PID Floors is dedicated to protecting the environment, health, and safety of our employees, customers, and the global environments. We are in the process of developing a stringent sustainability business plan that will encompass the three tiers of the triple bottom line: Social Responsibility, Economic Development, and Environmental Stewardship.

A COMMITMENT TO GIVING BACK

We believe in being an active part of our community and in using our business to make a positive impact. We are proud to be corporate partners of Sustainable Harvest International and American Forests.

EDUCATION

PID Floors is not only a wood flooring company, but we are also educators. We teach CEU courses, hold educational events, and maintain a comprehensive library of educational resources on our website.
