

## FABRIC SPECIFICATION SHEET

**PRODUCT NAME**            Double Polish Clear Vinyl

**STYLE # :**                 S6116DPCFR & S6120DPCFR

**CONTENT:**                100% Virgin Vinyl, Plasticicized Polyvinyl Chloride Form

**CONSTRUCTION:**        16 & 20 Gauge

**WIDTH:**                  61"

**THICKNESS:**            16 Gauge: 0.406                      20 Gauge: 0.508

**FINISH:**                  FR & UV additives

**COLD CRACK:**           -23 C

**Country of Origin:**     Taiwan

**FABRIC SPECS:**

• Tear Strength- ASTM D-1004 (kg/mm)	MD: 7.1 CD: 7.2
Tensile Strength - ASTM D-882 (kg/cm <sup>2</sup> ) Method A	MD: 240 CD : 237
Elongation (%) – ASTM-D-882 Method A	MD: 272 CD : 288

***Fire Retardancy to meet CA Title 19 and NFPA-701 FR specifications. Test reports and certificates are available upon request.***

**PLEASE NOTE:**

The test results were provided by and independent testing lab. They are provided as a reference only. Manufacturer is responsible for testing products for their specific end use.
