CHANGE THE WAY YOU THINK ABOUT TIME

www.tokyoflash.com

1. HOW TO READ THE TIME

This watch uses an "always on" LCD display to show the time.

The time is shown by LCD circles via holes in the stainless steel case.

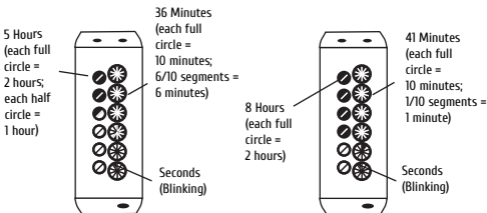

Hours 1-12 are displayed on the left side. Half of each circle indicates 1 hour.

Minutes 1-60 are displayed on the right side. Each segment indicates 1 minute. Each full circle indicates 10 minutes.

You can illuminate the display for a short time with the EL backlight by pressing the button on the front of the watch. This function is designed for viewing the time at night.

EXAMPLE: Time: 5:36

EXAMPLE: Time: 8:41

2. HOW TO SET THE TIME

Press button B to enter time setting mode (please use a pointed tool).

The display will flash the current hour.

Press button A to change the hour.

Press button B to confirm and move to minutes setting.

Press button A to change the minutes.

Press button B to confirm and move to minutes setting.

3. BATTERY

This watch uses 2 x CR1220 standard watch batteries.

The batteries should last one year. If the display becomes dim, it is an indication that a battery change is required.

4. WARRANTY

This watch is covered by a 1 year warranty. This warranty does not cover water damage, accidental damage, neglect or unauthorized repair.

5. WATER RESISTANCE

This watch is 3ATM water resistant. This means it is suitable for everyday use and can resist splashes of water & rain but should not get excessively wet. Please do not use the watch in the shower, for washing the dishes, swimming or for other water related activities.
