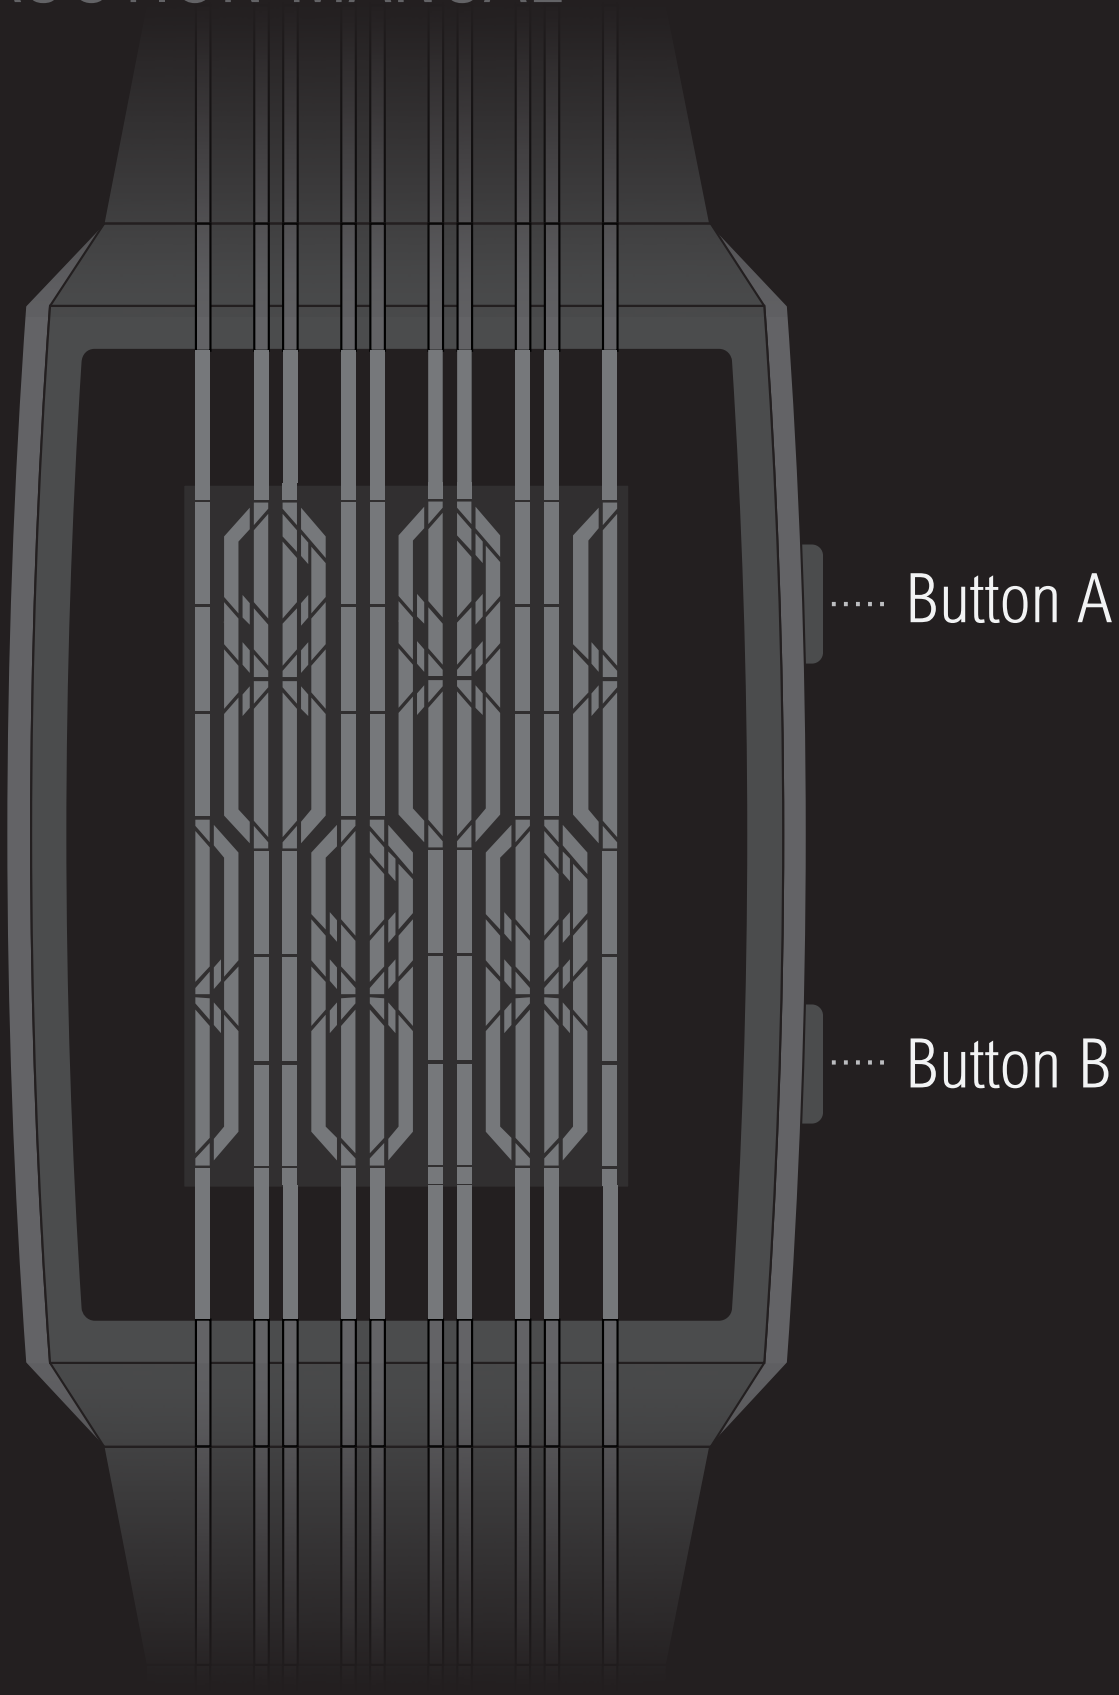
Change the way you think about time

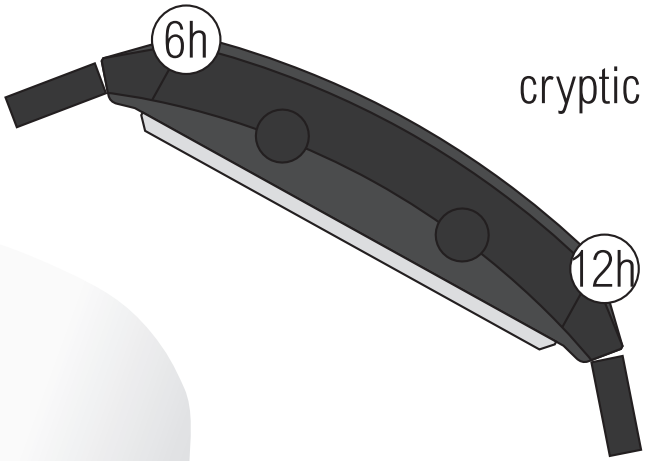
ONLINE
INSTRUCTION MANUAL

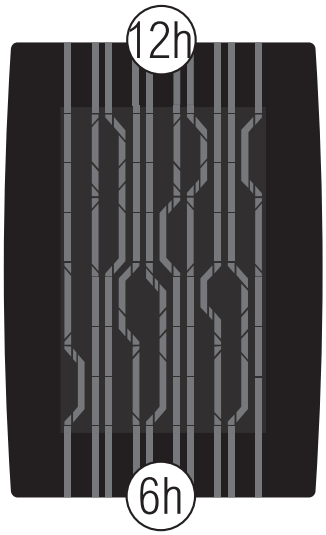


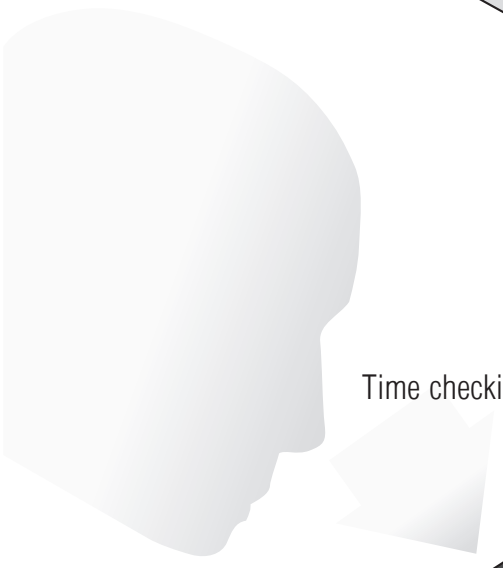
1. How to read the time

- This watch uses an LCD “always on” display to show the time.
- It uses an accelerometer which changes the display from “cryptic mode” (see example 1) to “easy mode” (see example 2) when you turn the watch towards you to view the time.

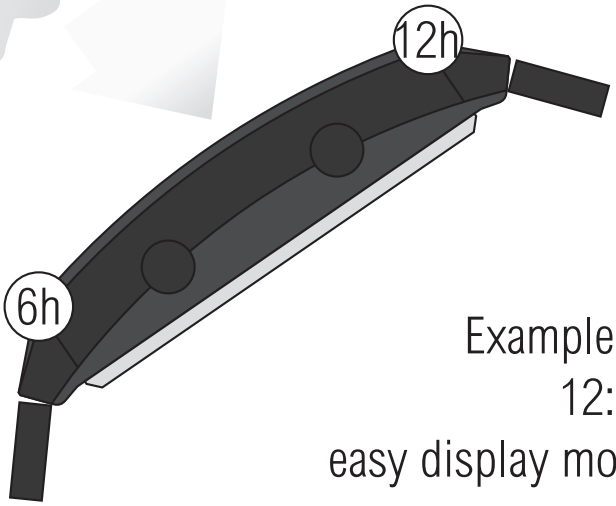
Example 1:
12:47
cryptic mode



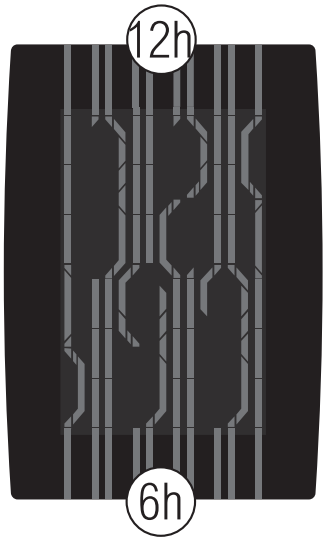




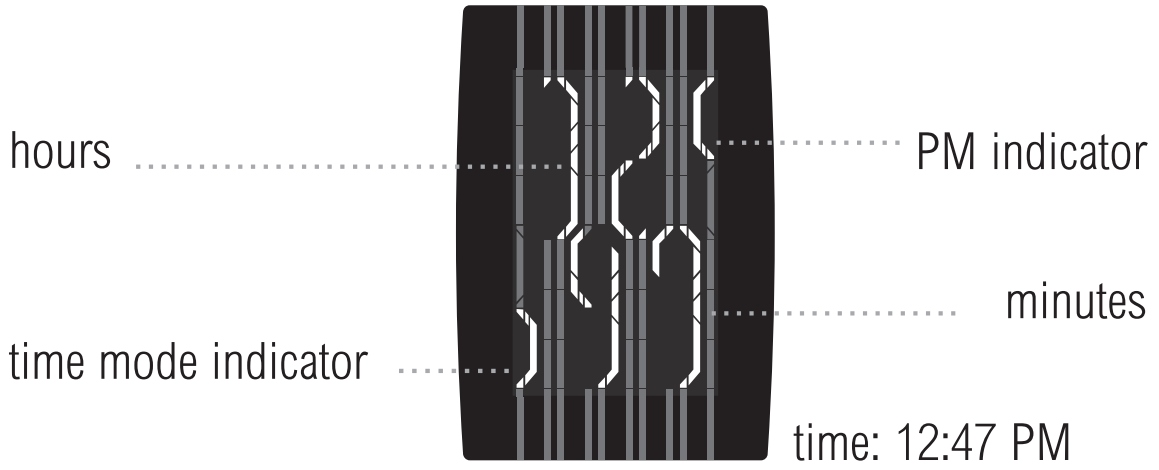
Time checking position

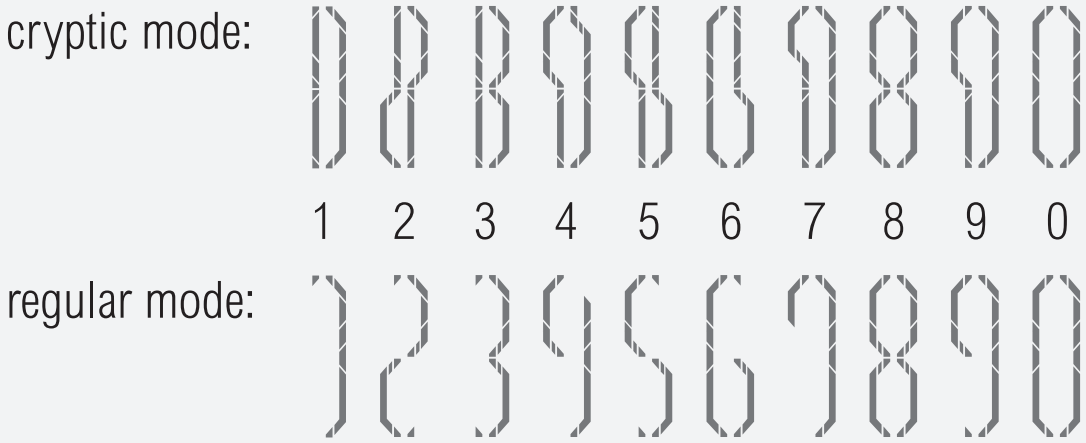


Example 2:
12:47
easy display mode

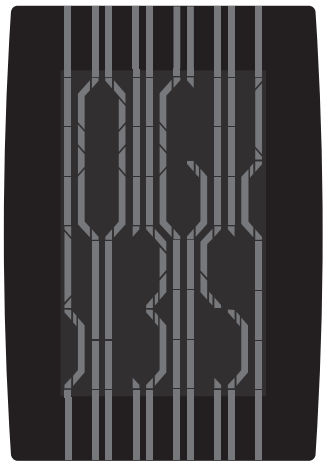


- The time is displayed digitally, hours in the upper half of the screen, minutes in the lower half of the screen.
  The digits for “cryptic time” and “easy time” are shown below.

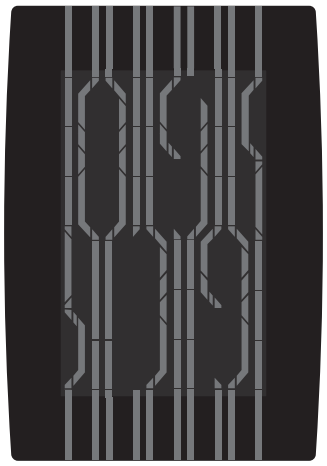




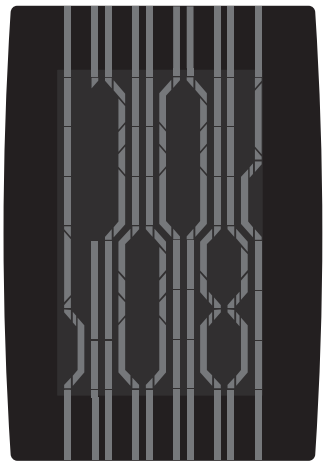
- Time examples:



time: 06:35 AM



time: 04:19 PM



time: 10:08 AM

2. Operating the basic functions

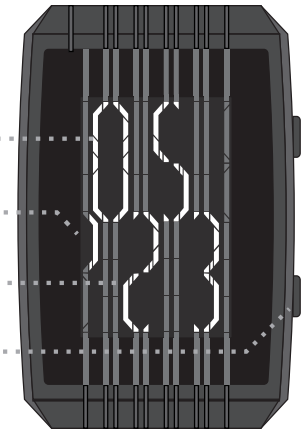
I. Turning on the backlight

- You can illuminate the display for a short time with the EL backlight by pressing button A.
- This function works best at night time.

II. How to read the date

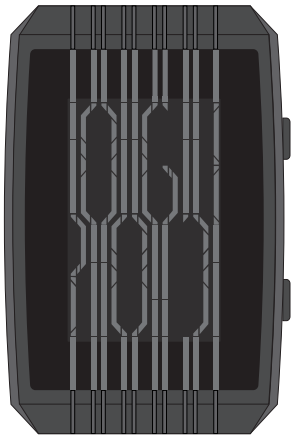
- Press button B to display the date. The date icon indicates that you are in date mode.
- The date is displayed in the same way as the time, with the month in the upper half of the screen and the date in the lower half of the screen.

Example 1:
May 23rd



Example 2:
february 9th

Example 3:
june 1st



- The display will change back to time mode after a short time.

III. How to check the alarm time

- Press button B twice to display the alarm time.
  The alarm mode icon indicates that you are in alarm mode.
  The alarm on/off icon indicates that the alarm is either on or off.
  The display will change back to time mode after a short time.

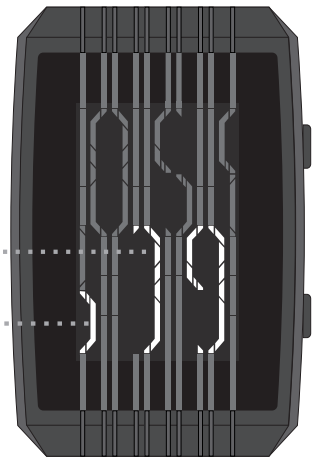
- Press button B to increase the minutes as required.
- Hold button B to increase the minutes more quickly.

- Press button A to confirm and move to the animation.

  Note: after 7 seconds of inactivity setting mode will deactivate.

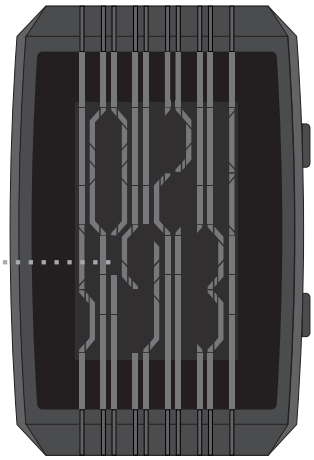
Example:
05:19 PM
minutes setting



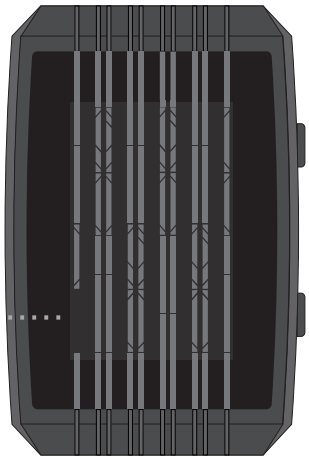
III. Setting animation

- This watch has an animation feature. When set, the animation will appear every two seconds and shows a segment falling from one randomly selected line.

Example 1:
time display
animation on



Example 2:
setting mode
animation on



In setting mode, when the animation is on, the line on the left of the display will animate.

- In setting mode, when the animation is off, all the lines will flash.
- Press button B to turn the animation on or off.
- Press button A to confirm and exit setting mode.
