

Change the way you think about time

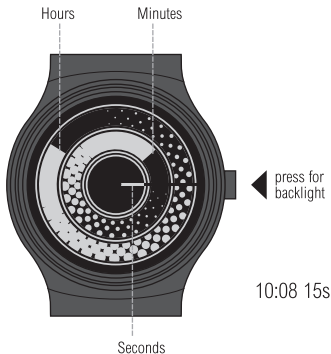

UZUMAKI

INSTRUCTION MANUAL

1. How to read the time

- The time is read like an analog watch.
- Hours are shown by the outer dial, minutes are shown by the inner dial and seconds are shown by the hand.

- You can illuminate the display for a short time with the EL backlight by pressing the button. This function works best at night time.

2. How to set the time

- The time can be set like an analog watch.
- Pull the crown out and turn it clockwise or counter clockwise to set the time.
- When the time is set, push the crown back to its original position.

8. User information

I. Battery

- This watch uses three SR626SW replaceable watch batteries. (one for the analog module and 2 for the EL backlight)
- The analog module battery is estimated to last for at least one year.
- The analog module battery and the EL backlight batteries can be replaced at different times. The analog module battery is in the center of the module. The EL backlight batteries are the outer two batteries>

II. Warranty

- This watch is covered by a 1 year warranty. This warranty does not cover water damage, accidental damage, neglect or unauthorized repair.

III. Caution

- This watch is water resistant to 3ATM. Please do not use the watch in the shower, for swimming or for other water related activities.
