## WELCOME BACK

We're very excited to be introducing a variety of newness this season; a new collection as well as an extension to one of our most successful lines - all designed with entertaining and gathering in mind.

We have a fabulous new collection called Reims which is inspired by the wonderful pottery of Southwest France. Whether you're hosting style is formal, or you prefer a more laid-back, family-style spread, the variation of pieces and deeply saturated colours in this line make it an extremely compelling component to any tablescape.

We have also introduced a striking new blue glaze to our collaboration with UK ceramicist, Daniel Smith.

We have also added some lovely new Tinware mug collections along with our kitchen 'prep-sets' - perfect for gifting.

Cheers to all of our summer soirees!

# DANIEL SMITH COLLECTION

This collection was designed in collaboration with the classically trained and highly accomplished British ceramicist, Daniel Smith. Smith's expert understanding of clay bodies works perfectly in conjunction with Canvas Home's transparency glazes. The combination imbues each piece with a delicate subtlety of tone, much like that of a watercolor palette. Introduced this season in a striking wash of blue, this family is a study in simple sophistication.

Working with both Linda Bloomfield, one of the UK's most respected potters and author of numerous books on glazes, and a well-respected, small-scale ceramics factory in Portugal, we have arrived at a collection that combines the expertise of all collaborators: Canvas home's unique vision of simplicity and clean form; an incredibly subtle color palette only possibly because of Linda's mastery of glazing possibilities, and our Portuguese partner's expertise in applying studio glaze recipes in a factory setting. We hope you agree that the result is an achievement in timeless dinnerware.

Microwave & dishwasher safe. Due to hand-glazing, pattern variations may exist.
