

# Advantages of Using a Kendon with Your Harley

[kendonusa.com/advantages-using-kendon-harley/](https://kendonusa.com/advantages-using-kendon-harley/)

## Haul your Harley with the Best Motorcycle Trailers

Moving your Harley can be an ordeal when using an average, heavy, over-sized trailer for towing. Fortunately, aerodynamic, lightweight [Kendon](#) motorcycle trailers have a **unique, patented ability to fold up, stand up, and store upright**, reducing storage space by as much as 75 percent.

### ***Some of the great benefits of a Kendon motorcycle trailer include:***

- Simple, one-person operation
- Low ramp to trailer apex eliminates clearance problems
- Independent torsion bar suspension
- Lightweight, tubular steel construction
- Integrated wheel chock and removable rails
- Ride-Up models and standard push-up models available

- 1-rail and 2-rail versions available
- Made in the USA

In addition to all of their standard perks, Kendon stand-up motorcycle trailers come with a 1-year manufacturer's warranty, a 5-year axle manufacturer's warranty, and the option of an additional 3- or 5-year tip-to-tail extended warranty. ***If you're a Harley owner looking for an easy-to-use, quality trailer for your bike,*** take a look at Kendon's hand-crafted, industry-preferred [stand-up trailers](#).

## **Kendon & Harley-Davidson™: A Match Made in Hog Heaven**

Every dedicated rider knows that a Harley isn't your average bike, and that Harley ownership isn't just a hobby. ***With it, a Harley motorcycle brings a dedicated to premium quality products and premium quality experiences. That's why a standard, flatbed utility trailer just won't do.*** A Kendon stand-up motorcycle trailer can provide a significantly better towing experience for your machine, and a better garage experience for you.

One of the benefits of using a Kendon with your Harley is its ***low weight and aerodynamic design, which make it an easy tow with minimal drag, giving you significantly better MPG on your vehicle.*** The increased trailer strength and higher load capacity of a Kendon is perfect for Harley's heavier models, such as the CVO Road Glide Ultra, which tips the scales at a massive 943 pounds.

Along with their lightweight design and overall strength, ***Kendon trailers provide excellent maneuverability, exceptional tire wear, and a safe towing platform for your valuable Harley-Davidson™ ride.*** The distinctive design of the Kendon wheel chock makes it easy to not only pull a heavyweight bike, but also properly guide the wheel of a touring model (like a Road King, Road Glide or Ultra Limited) in and out of place.

If you upgrade or replace your Harley and find that your Kendon could use a few further tweaks to make it ideal for your updated motorcycle, ***Kendon trailers have conveniently replaceable and upgradable parts, allowing you to truly customize your trailer to your Harley's needs.***

## **Trust the Company with 25 Years of Quality Trailer Production**

***Your Harley deserves better than the basics;*** treat her to the smooth ride and specialized engineering of a [Kendon stand-up motorcycle trailer](#). Plus, those looking for a trailer specifically made for a [dirt bike](#), [sport bike](#), [scooter](#) or [ATV](#) can also find great options at Kendon, with American-made stand-up trailers suited to the unique needs of each vehicle.
