Impressed, grateful, and lucky are just a few of the feelings that come to mind when thinking about the honor of riding in the numerous Trilogy saddles that I do. I have several clients that ride their horse/horses in many of the models that Trilogy offers, and I love them all. Each is unique like the horse that carries them. As a trainer, I notice many nuances of how a horse performs day to day (good and bad) and I appreciate the glory and comfort each horse shows with their respective saddles from Trilogy. In particular, I LOVE the new mono flap line, particularly the Allegiance!!!! The comfort and close proximity to the horse is exactly what I'm looking for when I'm working with them.

I have had several clients switch to the Trilogy brand due to back soreness and many of these instances have been remedied promptly with a well-fitting saddle from this company. Obviously, this is not always the answer to every back issue, but a well-fitting saddle is paramount to success. I cannot say enough about the support and customer service Trilogy representative and saddle fitter, Joshua Siegel, has given my clients. Not only is this a top notch, quality company and saddle, the assistance all around is stellar. One million thank you's, Debbie Witty, Trilogy Saddles, and Joshua Siegel for all you do for so many of my dear clients, and also for the support you give to me.
