

I first found Trilogy and met Debbie in 2011 when I was competing Fell Pony stallion Hinter. I was struggling to find a saddle that fit both myself and 13.1h pony. I was amazed at the progress we made after riding in the Trilogy Verago. Hinter went from struggling at first level to showing at 3rd level the following spring. I have many different breeds in my training program from ponies to warmbloods and Friesians. I am always so impressed by what our saddle fitter Josh Siegel and Debbie come up with as the best plan for both horse and rider!

We recently had a Verago made with a hoop tree for a very wide Friesian mare. This horse was not a easy fit but they did it!! Her beautiful saddle arrived and not only did it fit perfectly but it was absolutely beautiful with its two tone cognac and black! The craftsmanship and quality of Trilogy saddles stand above other brands by far.

Thank you Trilogy Performance Saddlery!

Jessica O'Donnell and Lady Bug Stables would be lost without you!!
