

Proudly Presenting Our Elite Trainer: Laura Burket

I tried many different saddles in the hunt for the right one, but once I sat in a Trilogy I never wanted to ride in anything else. The balance and comfort are superb, and I feel incredibly secure no matter what young horse antics might be thrown my way. The craftsmanship is top quality so I know my saddle is a good investment for many years to come. I have seen a huge difference in my students as well as it instantly helps them sit in better alignment and balance with the movement. The result is elegant, more confident riders. I couldn't be happier with my saddles and the excellent customer service from Trilogy!
