

Proudly Presenting Our Elite Trainer: Rebecca Stromatt

We are proud to support and recommend Trilogy Saddles. I have personally used them for over 12 years. Many were sold along with horses I trained because the buyers were impressed by their fit and comfort. Some of my clients have purchased other top brand saddles that did not work out for a variety of reasons. I can happily say we found them the perfect fit with one of the Trilogy models. Many riders can find it confusing when trying to find the right saddle for them. With a high quality product, great customer support, and a team of well educated fitters, it's easy to choose a Trilogy.
