

## **Proudly Presenting Our Elite Trainer: Sarah Fulton-Smith**

I am so excited for my new Trilogy Verago Elite for Wes and Rio! The Verago is so comfortable and assists the rider in having a correct position. The leg hangs nicely and the narrow twist allows you to feel close to the horse and secure in your seat. With my big moving boys, I love the deep seat. I have been riding in Trilogy saddles for 10 years! I started with a Verago for my mare, Prada, when she was a 3 year old. Now I ride in both the Verago and the Debbie McDonald. With a lot of young horses in my program, I often love the more open seat of the Debbie when the horses are starting out. I love that the Trilogy MW tree fits a wide variety of horses and I am able to use two saddles on multiple horses, and always with plenty of whither clearance due to the unique placement of the panels.
