Mission Statement

We are Regular Stand Up Paddleboarders Making Irregular Stand Up Paddleboards

1

Connect customers to the sport of Stand Up Paddleboarding through not only the board itself but through creating a sense of individualism in their vessel by providing board runs with independently commissioned pieces of art from coastal artists.

2

Bring exposure to coastal independent artists by engaging in No Spec contracts supporting the creative process and bring truly engaging boards to the market.

3

Spread SUP culture through the use of unique boards with unique art that we love to ride and stand out from the crowd
