

# Concrete Bench

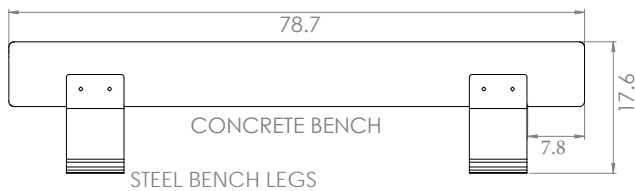

## WIID ARTISNAL BENCH COLLECTION

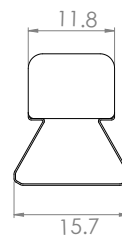

With their beautifully smooth texture and gently rounded corners, the Wiid Concrete Benches are the perfect statement for any area. The 79" long concrete benches are designed to be relatively light in weight and suited for indoor or outdoor use. Available in white or charcoal concrete and fitted with matte black or polished stainless steel legs, these simply stunning benches showcase impeccable design and engineering. This product can also be customized in terms of either size or finish to client requirements upon request.
