How do I check my balance?

Dial *118*#50

Or

Monitor usage with your device:

Go to your Settings > Mobile Data

(Some iOS devices may say "Cellular Data" instead)

You will be able to see how much data you've used overseas under the '**Current period roaming**'

Go to your Settings > Data Usage

(This will show the overall data used at the top of your screen)

To check data usage for a certain period, tap '**Billing Cycle**' and select the period from the **day you started using the SIM** to the current day.

Save and your data usage will be shown

This is why we have a money back guarantee available for all of our customers to protect against faulty SIMs and poor experiences.

It is extremely important that customers are looked after and we are here to support you as much as possible.

However, to claim your money back guarantee we need you to **work with us**.
