How do I activate?

- 1 **Land** in one of the listed countries
- 2 **Insert** SIM card
- 3 **Turn on 'Data Roaming'**
- 4 **Restart** your device
- 5 You should connect automatically within 5 minutes and your **30 days begin!**

No internet? Check APN settings

If you have activated but your internet is not working. Your device may not have set up correctly.

You will need to **check your APN** (Access Point Names) settings:

Settings > Mobile > Data Options > Mobile Data Network >

Add '**three.co.uk**' in APN & Hotspot

Settings > Wireless & Networks > Access Point Names/Cellular Network >

Add '**three.co.uk**' in APN & Name

Technical issues - What do I do?

There is always the possibility of technical issues with SIM Cards, most can be resolved easily.

1 Ensure you have **followed all activation steps** and **restarted** your device

Sometimes it can take up to 2 hours to activate on rare occasions

2 You will need to **find an internet connection**. Most international airports and hotels have free wifi available.

3 **Reach out to us** for help with the following information:

- Your **phone model** (i.e. iPhone 8, Samsung s8, etc.)
- **Screenshots** of your 'data roaming' and APN settings
- Details about your issue

How do I check my balance?

To check your balance you will need to **create an account** with ThreeUK.

Follow these steps:

- 1 Go to www.three.co.uk/My3Account2018/My3Register
- 2 Enter your ThreeUK number and submit

Register

Before you get started:

Enter your phone/device number and we'll text you your password.

You'll need to make sure you've put your SIM for the number you want to register into your device, so that you can receive the text. Otherwise, you might get an error message when you try to register. The text might take a few minutes to come through.

If you're an iPad user or can't receive texts on your device, you'll need to turn off Wi-Fi and reload this page.

Mobile/device number.

- 3 You will receive a text message with your **password** for your My3 account

- 4 Go to www.three.co.uk/My3Account2018/My3Login

- 5 Enter your ThreeUK number and your new password then **login**

Log into My3.

Mobile/device number.

[Forgot your password?](#)

- 6 On your My3 account look for '**Check Balance**'

Handy traveller tip!

You can monitor data usage without logging into your My3 account.

Apple devices:

Go to your Settings > Mobile Data

(Some iOS devices may say "Cellular Data" instead)

You will be able to see how much data you've used overseas under the **'Current period roaming'**

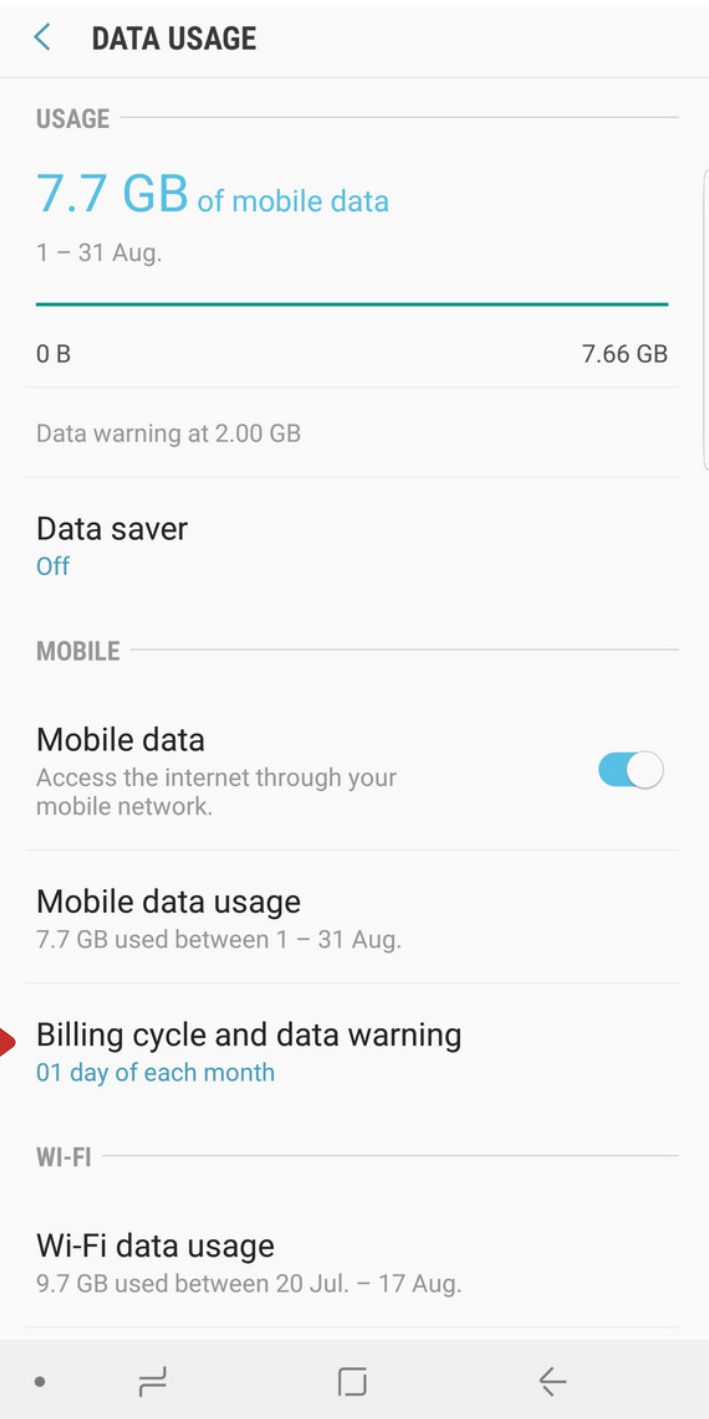

Android devices:

Go to your Settings > Data Usage

(This will show the overall data used at the top of your screen)

To check data usage for a certain period, tap '**Billing Cycle**' and select the period from the **day you started using the SIM** to the current day.

Save and your data usage will be shown

Note: May appear different depending on phone company/model

How do I recharge?

We list this product as 'non-rechargeable' because the only ways to top up are:

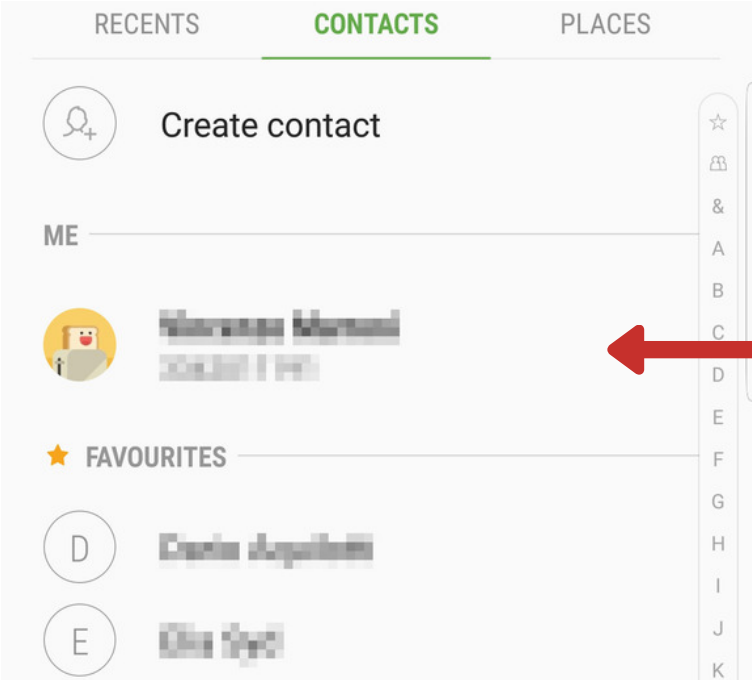

- a) A physical top up voucher from the UK
- b) Online with a UK credit card

If you have access to these methods then you should have no problems.

Our recommendation for other travellers is to purchase multiple SIM cards and swap them out as you go.

How do I find my mobile number?

To find your number, you can simply go to the top of your **‘Contacts’** on your device and find **‘My number’** when the SIM is inserted and active.

How do I make calls and texts?

This SIM is a UK SIM Card that roams in South America.

Calls and texts are only usable to European numbers so we advertise it with no calls for South America.

However, you can call other people using this SIM card by dialling their UK mobile number.

Handy traveller tip!

You can keep in touch with friends and family for free with data applications. This is highly recommended for travellers.

Any of the following apps will allow you to message and call other contacts with your data allowance for free.

Whatsapp

Facebook Messenger

Google Hangouts

Viber

Skype

WeChat

FaceTime

Money Back Guarantee

There is always the possibility of manufacturing issues and network problems that can't be resolved.

This is why we have a money back guarantee available for all of our customers to protect against faulty SIMs and poor experiences.

It is extremely important that customers are looked after and we are here to support you as much as possible.

However, to claim your money back guarantee we need you to **work with us**.

For us to better our operations we need to completely understand the issues you have faced with the SIM card and we need your experience documented via our refund claim form.

To claim your money back guarantee, please follow these steps:

- 1** **Ensure** you have followed all **activation steps** in this guide and your **APN** and network settings are **correct**.
- 2** **Ensure** you have **reached out** to troubleshoot your issues with us via **Facebook or email**.
- 3** If all of the above has not resolved your issue then you will be instructed to fill out a **refund claim form** with a **detailed description** of your issues/experience to be documented and **approved by our admin**.

4

You will get a response within **48 hours**.

Once the claim is **approved** we will issue a refund immediately and you will get an email notification confirming the approval.

It will take roughly **3-5 business** days for the funds to be returned to your account via your payment method.

*Please note that we will block the SIM from the network after approval for security reasons.

We really appreciate your help with this process as it helps us understand your situation better and document the issues so we can better our products for other customers.

Thank you 😊
