

Rugged Type-C GDS® Tough-Hub™

Ideal for in-vehicle use, this rugged universal USB Type-C hub allows for multiple inputs and outputs to a wide variety of devices. With a phone or tablet plugged into the hub, connect accessories and peripherals such as a mouse, keyboard, or an HDMI screen output adapter. The USB Type-C pigtail connector is compatible with most Type-C phones and tablets, while the HDMI output supports both the Samsung DeX and HDMI compatible display devices. Featuring integrated mounting holes, users can also secure zip ties for cable management.

RAM-GDS-HUB-TYPEC-01
