

MYLANDS

FURNITURE CLEANER & REVIVER FOR USE ON INTERIOR FINISHED WOOD

PRODUCT NAME/COLOUR	CODE	VOC LEVEL
Furniture Cleaner and Reviver	15 799 8077	225 g/l

PRODUCT DETAILS

Mylands Furniture Cleaner and Reviver removes old wax, dirt and every day grime from furniture and other interior finished wooden surfaces.

Mylands Furniture Cleaner and Reviver is a water based product containing a mixture of fine abrasives and special lubricant designed to remove surface dirt from a range of interior furniture or painted surfaces without damaging the original finish.

Furniture Cleaner and Reviver is not suitable for complete removal of oil on oiled surfaces or a wax polish finish (for that purpose please use our Special Dewaxing Solution (167858165)).

APPLICATION

- ◆ For mild cleaning apply Furniture Cleaner and Reviver with a soft cloth using moderate pressure.
- ◆ For a more stringent clean soak a pad of 0000 grade steel wool in Furniture Cleaner and Reviver and wash the surface, working in the direction of the grain. After application remove the excess with a clean lint-free cloth.
- ◆ Repeat the process until satisfied the surface is clean.
- ◆ On open grained timbers, if any deposit is left in the grain after the Cleaner and Reviver has dried, this can be removed by brushing with a stiff, soft or medium strength bristle, such as a nail brush, with water and drying with a clean lint-free cloth. Once clean the surface may be re-polished with Mylands Polishes or re-waxed with Mylands Waxes.

PRODUCT BENEFITS

Safe to use on both modern and antique furniture and should not lift veneers or raise grain.

Restore the original sheen.

Removes old wax, dirt, smoke residue and everyday grime. Like built up layers of wax which have accumulated over the years and become impregnated with dirt.

Can be used on other interior lacquered or painted surfaces such as interior woodwork including doors, door frames, skirting boards, dado rails, banisters, etc.

Remove minor surface defects such as fine scratches. It should not remove any patina which has built up with age.

STORAGE

Store in a cool place, replace lid on container after use to give an airtight seal.

HEALTH & SAFETY

Refer to Mylands Furniture Cleaner and Reviver MSDS before use. May cause slight sensitisation if allowed into contact with skin – wear suitable gloves.
