

slide lite

mirrorless camera strap
 sangle pour appareil
 photo mirrorless
 ミラーレスカメラストラップ

the most versatile,
 low-profile, and stable
 camera strap in the world

slide lite is optimized
 for mirrorless and smaller
 dslr cameras

wear in super stable **sling style**, or
 use as **shoulder strap** or **neck strap**

dual quick adjusters rapidly adapt strap
 to any carry-style or body type

sling style provides **hands-free** and
stable camera carry

ultra smooth webbing glides across body
 for lightning fast access

Anchor Link System is
 universal, quick-connecting,
 and adaptable

included **Anchor Mount** attaches to camera's tripod
 mount and gives low-profile attachment point

stack our new ultra thin **Anchor Links**
 between your camera and plates

silicone grip keeps strap stable in shoulder carry

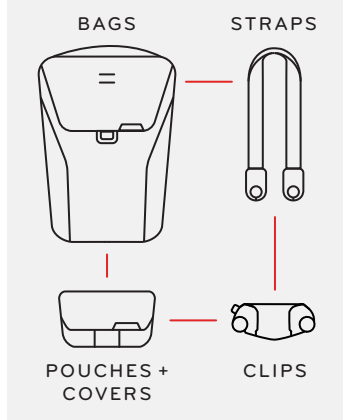

works with peak design
pouches and **capture clip**
 sold separately
