

NATURAL PETAL DUST | FOOD COLORING POWDER

TECHNICAL DATASHEET

FOOD-GRADE BAKING & CONFECTIONARY COLORING DUSTS & POWDERS

Appearance: Matte, Strong Pigmented powder with small particle sized pieces Intended as dry or wet application for confectionery or baking projects. Perfect for brushing on dry, or mixing with liquid for painting, airbrushing or “sponging” on the desired product. Can be mixed in icing, baking doughs, and other food products.

Ingredients: Each of our Natural Petal Dusts are made with naturally sourced ingredients. Exact ingredients for each individual color can be found listed in the chart below.

Storage: Store in tightly sealed containers in cool, dry, dark place

Stability: When stored under the proper conditions, initial product strength and color hue should be maintained

Shelf Life: 6 months from date of manufacture

Allergens: This products does not contain any Major Food Allergens (as define in the Food Allergen Labeling and Consumer Protection Act) However, there are no Peanuts, Tree Nuts or any of their derivatives stored on the premises.

GMO Status: NON-GMO

Vegan Status: Our Edible Dusts & Glitters are suitable for Vegan & Vegetarian diets

Edible Glitter Biodegradable Statement: All of our edible glitters are biodegradable. By utilizing certified synthetic and natural mica, we can ensure our edible glitters are free of PET plastic glitter. As such, our edible glitters are biodegradable, safe pigments with no concerns regarding landfill, waste or waterways. Please note, most “claimed” edible glitters on the market may not be biodegradable, and our biodegradable food safety statement is only specific to the edible glitter products manufactured and produced by Bakell®.
