APPEARANCE & PRESENTATION

When used in liquids, Brew Glitter® is a beautiful shimmery swirl that gives the liquid a classy pop. Each unique color option is designed to specifically enhance drinks color variations while still shimmering when swirled. *Brew Glitter™ will not dissolve, however it will settle to the bottom if left unattended for long periods of time. Simply stir & serve and watch your guests be amazed!*

USES, RESTRICTIONS & FDA COMPLIANCE

May be safely used as a color additive in amounts up to 1.25% in food and 0.07% in alcohol beverages of this product, by weight. In cereals, confections/frostings, gelatin desserts, hard/soft candies (including lozenges), nutritional supplement tablets/gelatin capsules, chewing gum, tonic water and beverages typically consumed without alcohol (soda, tea, juices, punch). May be used 0.07% by weight in distilled spirits (alcohol content 18-23% w/w) and nonalcohol cocktail mixes. The color additive may not be used to color foods for which standards of identity have been issued under section 401 of the act, unless the use of the added color is authorized by such standards (*ref 21CFR73.350*).

The FDA has approved all the ingredients being used in our edible glitters & edible dusts based on the FDA approved ingredients & usage levels. To learn more about the FDA approved usage levels and the approved ingredients list from the FDA read "[Substances Added to Food](#)" at FDA.GOV & "[FDA Approved Usage Levels](#)" Article 73.350
