

# travel safe

the traveling toothbrush sanitizer

### Sanitizing is so easy!

Congratulations on your purchase of your Violife Toothbrush Sanitizer.

As a health-conscious consumer, you're aware of the benefits of keeping a clean toothbrush, and the importance of sanitizing it every day.

With your new sanitizer, you will be able to reduce your exposure to harmful germs and bacteria in just minutes!

The germicidal ultraviolet light will eliminate up to 99% of the germs it comes into contact with on your toothbrush. Just brush, rinse, and insert your toothbrush into the case—close the lid and sanitizing begins automatically.

Best of all, your toothbrush is stored in a protected, sanitized environment ready for the next time you brush.

### ACTIVATE YOUR WARRANTY

Visit [www.violife.com](http://www.violife.com) within 7 days to register your sanitizer today!

### Limited 1 Year Warranty

Violife Acquisitions LLC warrants to the original purchaser of this product that it is free from defects in materials and workmanship for a period of 1 year from date of purchase.

If the unit becomes defective within the 1 year period, return the unit along with the original packaging and purchase receipt as your proof-of-purchase date.

**Please visit [www.violife.com](http://www.violife.com) or contact [customerservice@violife.com](mailto:customerservice@violife.com) for return address and customer service information.**

Within 1 year of purchase, Violife will repair or replace any part of the product we deem defective at no charge, provided the product has not been abused, misused, or damaged and was used according to the instructions.

This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

For help please visit [www.violife.com](http://www.violife.com) or contact [customerservice@violife.com](mailto:customerservice@violife.com)

**Using Your Violife Sanitizer** Your Violife Sanitizer requires 2 "AA" batteries. The battery compartment is located on the back of your sanitizer.

**BEFORE INSERTING TOOTHBRUSH, PLEASE TAP AND SHAKE EXCESS WATER FROM THE BRISTLES!**

1.

Open the cover of your sanitizer.

2.

Insert toothbrush into rubber holder with the bristles facing the bulb.

3.

Close cover to activate germicidal ultraviolet light to begin sanitization.

UV Light will shut off automatically after 6 minutes – your toothbrush is fully sanitized and ready for the next time you brush.

### Safeguards & Precautions

1. Alkaline batteries are recommended for optimum performance.
2. Don't mix old and new batteries.
3. Do not immerse unit in water or liquid of any kind.
4. Avoid looking directly into the illuminated light when unit is turned on.
5. Parts of this device could present a choking hazard to young children. Keep out of reach of children under 6 years.
6. Unit is equipped with a safety mechanism that will not allow unit to go on when lid is open.
7. If the bulb should stay lit when lid is open, do not look directly into the lit bulb. Remove batteries, and visit [www.violife.com](http://www.violife.com) for customer service assistance.

### Cleaning & Care

1. Wipe off Violife unit with a damp cloth if it needs cleaning.

2. Under the space where the brush head is placed, there is a removable drip tray for easy cleaning. Simply remove, rinse, dry and re-insert.

**NOTE: This product includes a non-replaceable lifetime bulb.**
