

PRODUCT DATA

CLEAN ALL

Multi purpose Lemon Cleaner

CLEAN ALL is a new-generation floor cleaning formulation. Designed for use on today's advanced floor finishes.

CLEAN ALL is capable of gentle cleaning for light soil removal and is concentrated for the controlled removal of heavy soils.

Different concentrations of **CLEAN ALL** may be used for routine, damp mopping as well as for machine scrubbing prior to re-coating operations.

CLEAN ALL, unlike many general purpose cleaners, does not contain any aggressive solvents or harsh caustic builders. Whether it is used in routine damp mopping, machine scrubbing, or with an automatic floor machine let **CLEAN ALL** keep your floors looking their best.

Read the Material Safety Data Sheet before handling this product.
