

# PRODUCT DATA

# CLEAN SWIPE

## Ready to Use

### NON ACID

## BATHROOM CLEANER SPRAY AND WIPE

**CLEAN SWIPE** is formulated to clean the following hard, non-porous, inanimate environmental surfaces: floors, walls, metal, stainless steel, glazed porcelain, glazed ceramic tile and plastic surfaces, vanity tops, shower stalls, bathtubs and cabinets.

### **DIRECTIONS:**

Spray solution freely on the surface. Allow the solution to stand for at least 5 minutes or more, depending on the condition of the soil. After the soil is loosened, wipe and rinse the area with clean water. For heavier soil conditions, scrub with a brush or floor scrubber. This will improve cleaning time and performance.

Read the Material Safety Data Sheet before handling this product.
