

# PRODUCT DATA

## DISSOLVE

### 23%Acid

### Replacement

## SAFE - NON FUMING

### Removes water stains, scale, rust, soap film, fungus, etc.

- **DZOLV** is an organic descaler which is low in pH and non fuming. It is an organic salt that performs like an acid. It does not generate the fumes and other hazards associated with traditional acid cleaning, such as chrome disfigurement, carpet burns, etc..
- **DZOLV** is non corrosive to the skin and metal. It is an exceptional cleaner and will remove rust from most surfaces.
- **DZOLV** may be used in cleaning URINALS, PORCELAIN TOILET BOWLS AND OTHER SURFACES not normally damaged by hydrochloric acid type cleaners, and any other system where hard water scale can be a problem.

**Directions:** Use as is, depending on severity of scale buildup.

Read the Material Safety Data Sheet before handling this product.
