

# **PRODUCT DATA**

## **LIQUID LAUNDRY** **Built Injection Laundry Detergent**

### **Description:**

A special blend of surfactants and alkalis combined with water conditioners and brighteners that provide clean linens without the use of a break/builder. This clear, pumpable product handles the toughest soils and water conditions. Breaks dirt and holds it in suspension for easy removal. For institutional and industrial use.

### **Directions:**

This product is designed for use as a combination break and detergent. Add product during the wash cycle at a rate of 6-8 ounces per 50 pounds of laundry. Amount used will depend upon soil load and water conditions.
