

PRODUCT DATA

PROTEC 5

Water based
Carpet Stain Protector

Fluorocarbon technology

A new, improved carpet protector that provides advanced repellency and outstanding soil protection for all types of carpet. **PROTEC 5**, is a water based protective treatment developed to protect carpets from wet and dry soil. On cleaned carpets **PROTEC 5** wraps an invisible shield around each fibre, which resists soil and stains and keeps cleaned carpets looking cleaner longer.

Coverage:

Damp Clean Carpet (Preferred Procedure): 1 litre covers 50 sq. ft.
Dry Carpet : Apply 2 lit. for every 50 sq. ft.

Read the Material Safety Data Sheet before handling this product.
FOR INDUSTRIAL and INSTITUTIONAL USE ONLY.
