

# **SUPER STRIPPER**

## **HEAVY DUTY MOP OR MACHINE FLOOR FINISH STRIPPER**

**The foundation of a beautiful floor is correct preparation. SUPER STRIPPER makes preparation easy and saves time.**

**SUPER STRIPPER** is the industry's premium mop or machine stripper. Heavy build up will be emulsified in less than 5 minutes. It's non ammoniated formulation, saves time and labour. It may be picked up with a wet vac or mop.

Machine stripping is easily accomplished with a dilution of as high as 1 part product to 20 parts water.

**SUPER STRIPPER** may be used on any type of floor finish, but is especially recommended for the modern day, repeatedly burnished, floor finishes. It also makes water based urethane floor finish stripping, easy.

Use in shopping malls, supermarkets, schools, hospitals, industrial plants, restaurants, municipal buildings, day-care centres, hotels, motels, etc.

Consult label for additional application and precautionary information before using.
