

TILE BRITE

Porcelain, Enamel, Restroom Cleaner

Three acid clinging Formulation for Effective Pool, Shower and Restroom Cleaning

TILE BRITE is a special cleaner, designed for institutional and industrial cleaning of porcelain, tile, fixtures, stainless steel and other inanimate hard surfaces.

- Removes film, scale and rust deposits.
- Excellent for cleaning ceramic tile.
- Extra-viscous to prolong contact time on vertical surfaces.
- Economical ... a little goes a long way.

DAILY CLEANING: Tubs - Wash Basins - Shower Stalls - Drinking Fountains, Etc. Dilute concentrate with up to 5 parts water. Rinse thoroughly after cleaning.

Stainless Steel Equipment, Counter tops, Freezers, etc.: Dilute cleaner with up to 3 parts water. Rinse thoroughly after cleaning.

TILE & PORCELAIN: Dilute cleaner with up to 5 parts water and rinse or wipe with a damp cloth.

FOR CLEANING AND DEODORIZING TOILET BOWLS: To remove calcium and rust encrustation's, discoloration's and other deposits: flush toilet, then remove water from bowl by forcing it over the trap with applicator. Holding bottle over bowl, start cleaning under the rim where the water outlets are located. Then apply a small amount of **TILE BRITE** directly to applicator. Thoroughly clean the top of the rim and all other areas of the bowl.

FOR CLEANING AND DEODORIZING URINALS: Flush urinals, apply **TILE BRITE** to applicator while holding applicator over the urinal. Clean the entire surface, especially under rim and at water outlets. Pour a small amount into urinal and let stand for several minutes to remove scale, stains and odors from trap.

**Read Material Safety Data Sheet before using this product.
FOR INDUSTRIAL USE ONLY**
